TEXAS TRANSPORTATION COMMISSION

TARRANT County

MINUTE ORDER

FORT WORTH District

In TARRANT COUNTY, NEW LOCATION, an extension of STATE HIGHWAY 121 from I-30 to FM 1187 in the city of Fort Worth is currently designated on the state highway system and planned as a six-lane divided highway between I-30 and Altamesa Boulevard, and as a four-lane divided highway between Altamesa Boulevard and FM 1187.

As currently proposed, the facility will be a controlled-access facility that will vary from three tolled mainlanes in each direction between I-30 and Altamesa Boulevard to two tolled mainlanes in each direction between Altamesa Boulevard and FM 1187. Limited frontage roads will be provided where needed for local traffic circulation.

Transportation Code, §228.051 provides that the Texas Transportation Commission (commission) by order may designate one or more lanes of a segment of the state highway system as a toll project or system.

Transportation Code, §203.003 authorizes the commission to lay out, construct, maintain, and operate a designated state highway, with control of access as necessary to facilitate the flow of traffic and promote the public safety and welfare.

IT IS THEREFORE ORDERED by the commission that the tolled mainlanes on SH 121 from I-30 to FM 1187 are designated as a toll project on the state highway system.

IT IS FURTHER ORDERED that SH 121 from I-30 to FM 1187 is designated as a controlled-access facility for the purpose of development, maintenance and operation.
