Please find attached for your information and further handling the 2006-2008 Transportation Improvement Program (TIP) Amendment Numbers 76, 132, 141, 152, 156, 157, 164, 167-170, 174-178, 180-183, and 185-193. These amendments should be included in the May Statewide Transportation Improvement Program (STIP) revisions. DCIS has been updated to reflect these changes. Also attached is a summary report illustrating the emission benefits as well as the modeling years for the amended projects.

These amendments will not change the conformity for both volatile organic compounds and oxides of nitrogen of the amended Regional Transportation Plan.

Should you have questions regarding this matter, please contact Ms. Carolyn Bednar-Wood at (713) 802-5312, or Ms. Pam Hasker at (713) 802-5307.

CONGESTION MITIGATION AND AIR QUALITY PROJECTS, CATEGORY 5

Project CSJ 0720-03-095 is in the 2006-2008 Transportation Improvement Program (TIP) on page 2-11. Project CSJ 0389-13-040, CSJ 3416-01-011 and 0976-02-084 were added to the 2006-2008 TIP via Amendment #68 and project CSJ 0976-72-096 was added via Amendment #96; the projects are all funded with Category 5 Congestion Mitigation and Air Quality (CMAQ) funds.

Project CSJ 0389-13-040 will be ready for letting in June 2007. The project was under-funded in Amendment #68, which added contingency list projects to the TIP. Project CSJs 0720-03-095, 0912-71-096, 3416-01-011 and 0976-02-084 all let for less than the TIP approved amounts. Therefore, at this time TxDOT is requesting to transfer Category 5 funds from project CSJs 0720-03-095, 0912-71-096, 3416-01-011 and 0976-02-084 to project CSJ 0389-13-040; also, to amend the project description for CSJ 0389-13-040 to add reference to the braided ramp, and to move up the letting date.

Projects CSJ 1415-02-029 and CSJ 1415-02-030 are in the 2006-2008 Transportation Improvement Program (TIP) on pages 2-22 and 2-5; they are funded with Category 11 District Discretionary and Category 1 Preventative Maintenance/Rehabilitation funds, respectively. Project CSJ 1415-02-040 was added to the 2006-2008 TIP via Amendment #68 in November 2005; it is funded with Category 7 Surface Transportation Program (STP) Metropolitan Mobility/Rehabilitation funds, and was scheduled for letting in April 2008.

At this time, TxDOT is requesting to adjust the funding between these three FM 1464 projects; also to adjust the letting dates. The overall cost of these three projects will be increased, and will be covered by TxDOT's Preventative Maintenance/Rehabilitation funds (Category 1). Other funding is being acquired by TxDOT and local entities.

Veronica,

Just to review what we discussed today, please see my comments in bold.

Is the TPC mailout being held up to accommodate some of these amendment? If so, which amendments do you need and when? We will work on those amendments as soon as we received the required information!!

If you have any questions, please let us know.

Thank you,
Carolyn

Good Afternoon Carolyn & Catherine:

H-GAC is requesting the following amendments:

1a) Request amendments for CSJ's: 0912-00-901,902, and 904

CSJ# 901: $250,000 - Federal STP
CSJ# 902: $625,000 - Federal STP
CSJ# 904: $625,000 - Federal STP

I spoke with Beth Webster and she confirmed these funding amounts. Please note that the federal shares do not include the Direct State Costs, so additional dollars would be needed to assure that we receive the federal amounts being requested above.

1b) The dollars above in Item 1a should be funded at 80% federal STP

Pam has sent over administrative amendment # 161 which should address these issues. The projects have been moved forward from FY 2009 to FY 2007 and 2008. There was some discussion about combining the projects into one CSJ so that there would need to be only one LPAFA for the project. Catherine will explore that possibility with you.

2) Request amendment to combine CSJ# 0912-00-256 and CSJ# 0912-00-305 for Telework. The total federal CMAQ amount to be reimbursed to H-GAC is $192,000. This amount does not include the Direct State Cost.

We will request that the FPAA for 0912-00-256 be increased to a total of $240,000 with a 80% / 20% split. However, before we can request the increase, I need to know how much if any Direct State Cost will be included. In addition, a LPAFA will need to be fully executed before any changes to the FPAA can be requested.

Pam will also submit a TPC action amendment to cancel 0912-00-305.
Because 0912-00-256 is not currently listed on the 2006-2008 TIP and has been "let", it will not need to be shown on the amendment.

3a) Request amendment to transfer $1,929,000 of CMAQ funds, programmed in CSJ# 0912-72-030 - FY 2006 (Task 1B) for the Commuter and Transit Pilot Program, to the NuRide Rideshare Program for Year 3 implementation. The funds in this CSJ are currently approved at

80%/20%.

3b) Request an amendment to fund the NuRide Rideshare Program for Year 3 at 100% CMAQ. According to the CMAQ Guidance, all rideshare activities are eligible for 100% CMAQ funding.

I'll talk to our Programs section to have a new CSJ created that will show $2,500,000 in CMAQ funds for "Car pool Demo (virtual)" After Veronica has identified a project to transfer the funding from (it must be in the current TIP and programmed in either Fiscal Year 2006, 2007 or 2008), Pam will create the amendment and submit it to H-GAC as an administrative amendment.

4) Request amendment to transfer $8.0 million of CMAQ funds, programmed in CSJ# 0912-71-884 for the Bolivar Ferry project, to implement additional Clean Vehicles Program projects.

No amendment to the TIP/STIP will be necessary, however, the LPAFA will need to be amended to reflect the changes in the scope of work.

Please contact me this afternoon is if you have any questions. I will be here until 6:00 pm.

Carolyn:

Talked to Veronica this a.m. about the Regional Vanpool Amendment (CSJ's: 0912-00-901; 902; and 904). She will get back with us regarding the total dollars and split. Basically, METRO always pays the 20% - so it's local. But she's confused by the totals we have listed - anyway, she'll call back.

Also, she has another amendment that she would like done. She would like to combine the funding of CSJ's 0912-00-256 and 305 (both projects are identified as "Telework Programs") into one CSJ. Both CSJ's have $96K allocated to them. With the amendment, one of the CSJ's would have a total of $192K and the other CSJ would go away. Does that make sense?

Catherine

CONGESTION MITIGATION AND AIR QUALITY (CMAQ – CATEGORY 5)

Project CSJ 0912-71-591 is on page 2-09 of the 2006-2008 Transportation Improvement Program (TIP), and is funded with Category 5 Congestion Mitigation Air Quality Improvement (CMAQ) funds and local contributions. It was scheduled for letting in March 2006. Administrative TIP Amendment #15 corrected the limits of the project.

At this time, TxDOT is requesting to correct the funding for project CSJ 0912-71-591 to eliminate the erroneous reference to a local contribution, to add a less than 25% increase in total CMAQ funds, and to move the letting date to July 2007.

SURFACE TRANSPORTATION PROGRAM (STP) METROPOLITAN MOBILITY/REHAB (CATEGORY 7)

Project CSJ 0027-09-092 is in the 2006-2008 Transportation Improvement Program (TIP) on page 2-19; it was amended in November 2005 with 2006-2008 TIP Amendment #56, in November 2006 via Administrative Amendment #143, and in December 2006 via TIP Amendment #138. It is funded with Category 7 Surface Transportation Program (STP) Metropolitan Mobility/Rehabilitation (MM) funds and Category 12 Strategic Priority funds, and let in February 2007. Project CSJ 3050-03-005 is in the 2006-2008 TIP on page 2-28; it was amended in July 2006 via 2006-2008 TIP Amendment #102. It is funded with Category 7 STP-MM funds and scheduled for letting in May 2007. Project CSJ 0912-34-129 is in the 2006-2008 TIP on page 2-19 as CSJ 0912-34-903; it is funded with Category 7 STP-MM funds and let in November 2006. Project CSJ 0912-71-839 is on page 2-18 of the 2006-2008 TIP, and was scheduled to let in August 2006; it is funded with Category 7 STP-MM funds.

Project CSJs 0027-09-092 and 0912-34-129 let for less than the allocated funds. The City of Pasadena has agreed to cancel project CSJ 0912-71-839. Because project CSJ 3050-03-005 is in need of additional funds, TxDOT is requesting to 1) transfer Category 7 funds in the amount of $520,000 from project CSJ 0027-09-092 to project CSJ 3050-03-005; 2) transfer $540,000 in Category 7 funds from project CSJ 0912-34-129 to project CSJ 3050-03-005; 3) transfer the funds in CSJ 0912-71-839 to CSJ 3050-03-005; and 4) clarify the scope of CSJ 3050-03-005 to show the continuous left turn lane, the curb & gutter, and the detention pond.

Project CSJ 1524-01-065 is in the 2006-2008 Transportation Improvement Program (TIP) on page 2-26; it was amended in November 2005 via TIP Amendment #53, in which the Texas Transportation Commission approved the 2006 Unified Transportation Program (UTP) Statewide Mobility Program, and added funds to several projects. The project is funded with Category 2 Metropolitan Area (TMA) Corridor Project funds, and scheduled to let in July 2007.

Due to inflationary increases in the costs of concrete and steel, TxDOT is requesting to increase the allocation for project CSJ 1524-01-065; also to change the limits to refer to miles, not kilometers, and to add the total project length to the TIP for reference.

CONGESTION MITIGATION AND AIR QUALITY (CMAQ – CATEGORY 5)
SURFACE TRANSPORTATION PROGRAM (STP) METROPOLITAN MOBILITY/REHAB (CATEGORY 7)

In April 2005, the Transportation Policy Council (TPC) approved the projects shown in Appendix I of the 2006-2008 Transportation Improvement Program (TIP) for advancement into the funded portion of the TIP subject to available funding. These projects were scored and ranked using the methodology detailed in Appendix B of the 2006-2008 TIP. In August 2005 the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU program) was signed into law, and in October 2005, the Texas Transportation Commission approved the 2006 Statewide Mobility Program (SMP). As a result, additional funding, subject to obligation authority limitations imposed by Federal Highway Administration to control highway program spending in response to economic and budgetary conditions, became available for programming in the 2006-2008 TIP.

Amendment #68 to the 2006-2008 TIP added projects on the Contingency List (Appendix I) of the 2006-2008 TIP into Chapter 2 of the 2006-2008 TIP. However, a number of the projects were moved into Fiscal Year 2009 of the TIP, which Federal Highway Administration regards as for informational purposes only. At this time, we are requesting to move several of these FY 2009 projects forward from Fiscal Year (FY) 2009 into FY 2007; also, to split out the Carpool Demonstration Program from CSJ 0912-72-967.

Please note that the Federal funds for amended project CSJ 0912-72-967 and the Carpool Demonstration Program add up to the original allocation for CSJ 0912-72-967. The total funds allocated for both projects is slightly less, due to the fact that project CSJ 0912-72-967 is funded at 80% federal/20% local match, whereas the Carpool Demonstration Program is funded with 100% federal funds. Therefore, the total funds authorized for both jobs combined is lower by the amount that had been the 20% local match when the funds were assigned to CSJ 0912- 72-967.

LOCALLY FUNDED PROJECTS

The Midtown Livable Communities Initiative projects were added to the 2006-2008 Transportation Improvement Program (TIP) via Amendment #89 in March 2006. They consist of preliminary engineering, design and construction of pedestrian/transit access improvements for north-south bus activity. An analysis of the Midtown area in terms of land use, bus transit, and inventory of existing conditions of street amenities has been conducted in the *Midtown Masterplan*. The typical improvements recommended include: sidewalks, wayfinding signage, pedestrian lighting, transit stops, brick pavers, ADA accessible ramps, street furniture (benches, trash receptacles), landscaping buffers, etc.

At this time, TxDOT is requesting to amend these two projects to add the CSJ numbers and to clarify the description of work.

CONGESTION MITIGATION AND AIR QUALITY (CMAQ – CATEGORY 5)
MISCELLANEOUS (CATEGORY 10)

In April 2005, the Transportation Policy Council (TPC) approved the projects shown in Appendix I of the 2006-2008 Transportation Improvement Program (TIP) for advancement into the funded portion of the TIP subject to available funding. These projects were scored and ranked using the methodology detailed in Appendix B of the 2006-2008 TIP. In August 2005 the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU program) was signed into law, and in October 2005, the Texas Transportation Commission approved the 2006 Statewide Mobility Program (SMP). As a result, additional funding, subject to obligation authority limitations imposed by Federal Highway Administration to control highway program spending in response to economic and budgetary conditions, became available for programming in the 2006-2008 TIP.

Amendment #68 to the 2006-2008 TIP added projects on the Contingency List (Appendix I) of the 2006-2008 TIP into Chapter 2 of the 2006-2008 TIP. However, a number of the projects were moved into Fiscal Year 2009 of the TIP, which Federal Highway Administration regards as for informational purposes only. At this time, we are requesting to move several of these FY 2009 projects forward from Fiscal Year (FY) 2009 into FY 2007.

STRATEGIC PRIORITY (CATEGORY 12)
MISCELLANEOUS (CATEGORY 10)
STATEWIDE TRANSPORTATION PROGRAM-METROPOLITAN MOBILITY (CAT. 7)

Project CSJ 8170-12-001 is on page 2-28 of the 2006-2008 Transportation Improvement Program (TIP); it was amended in November 2005 via 2006-2008 TIP Amendment #56 and in April 2006 via Amendment #82. It is currently scheduled to let in January 2008 and is funded with Category 7 STP-MM and Category 12 Strategic Priority funds. Project CSJ 8170-12-004 is on page 2-18 of the 2006-2008 TIP; it is funded with Category 7 and 12 funds and scheduled to let in August 2008; project CSJ 8170-12-006 was split out from CSJ 8170-12-001; all three projects were amended via 2006-2008 TIP Amendment #134 in December 2006.

It was determined that the description of limits for CSJ 8170-12-006 were in error. The limit that read Hempstead Road and Washington Avenue should have been Washington Avenue and Old Katy Road. The actual project limits have not changed. Also, the Automatic Pump Station is being removed from CSJ 8170-12-004 and placed with CSJ 8170-12-001, as it will be constructed at the same time as project CSJ 8170-12-001. Therefore, at this time, TxDOT is requesting to 1) correct the limit and work phasing for project CSJ 8170-12-006, 2) change the scope of work for projects CSJ 8170-12-001 and CSJ 8170-12-004, 3) eliminate the reference to raised median for project CSJ 8170-12-001, and 4) transfer Category 12 funds from CSJs 8170-12-001 and 8170-12-004 to CSJ 8170-12-006.

SURFACE TRANSPORTATION PROGRAM (STP) TRANSPORTATION ENHANCEMENTS (CATEGORY 9)
MISCELLANEOUS (CATEGORY 10)

Amendment #65 to the 2006-2008 Transportation Improvement Program (TIP) moved projects funded with Surface Transportation Program (STP) Transportation Enhancement (Category 9) funds to Chapter 2 of the 2006-2008 TIP.

$2.4 million in federal funds was allocated to the SH 288 corridor from OST/Griggs Road to Mykawa by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU). It was erroneously concluded that the funds were for CSJ 0912-71-802, which has the same limits and scope of work, but in fact the projects have two different sponsors. Therefore, at this time TxDOT is requesting to split out the SAFETEA-LU funds from CSJ 0912-71-802 into a new project with the same limits and scope. Also, to correct the highway designation to refer to Various Locations on Griggs Road from OST to Mykawa, not SH 288.

CONGESTION MITIGATION AND AIR QUALITY (CMAQ – CATEGORY 5)

Amendment #68 to the 2006-2008 Transportation Improvement Program (TIP) added projects on the Contingency List (Appendix I) of the 2006-2008 TIP into Chapter 2 of the 2006-2008 TIP. Amendment #174 to the 2006-2008 TIP moved several projects forward from Fiscal Year (FY) 2009 into FY 2007 and split out the Carpool Demonstration Program from CSJ 0912-72-143.

At this time, in order to reduce paperwork and direct costs, we are requesting to transfer funds from CSJs 0912-72-030, 0912-72-143 and the Carpool Demonstration Program (Virtual) into CSJ 0912-00-344, to change the description of CSJ 0912-00-344 to "SIP Voluntary Mobile Emissions Reduction Program – CMAQ 100%", to change the description of CSJ 0912-72-143 to "Telecommuting Program" and to show project CSJ 0912-00-344 as 100% federally funded.

Please note that the funds for project CSJ 0912-00-344 were listed as 80% federal, 20% local, whereas they should have been listed as 100% federal. Funds for project CSJ 0912-72-030 are at 80% federal and 20% local, but those being transferred for the SIP Voluntary Mobile Emissions Reduction Program convert to 100% federal. Therefore, the total funds authorized is lower by the amount that had been shown as the 20% local match.

Fully functional, centrally controlled and operated signal interconnect project

CATEGORY 5 (CONGESTION MITIGATION AIR QUALITY IMPROVEMENT)

Project CSJ 0912-37-161 is listed in the 2006-2008 Transportation Improvement Program (TIP) on page 2-10, and project CSJ 0912-37-162 is listed in the 2006-2008 TIP on page 2-11. They were amended via 2006-2008 TIP Amendment #13 to clarify the descriptions. These projects are funded with Category 5 (CMAQ) and Category 11 (District Discretionary) funds; both are scheduled to let in August 2007.

At this time TxDOT is requesting to increase the funds for these two projects to cover an overrun due to Montgomery County's request for sole source equipment that will work with their existing equipment, to cost increases in materials from the time the project was originally planned, and to purchase additional software. Also at this time, TxDOT is requesting to correct the funding to reflect a local 20% contribution only, not a state contribution, and to change the letting dates.

Mr. Gary Trietsch
Texas Department of Transportation
P. O. Box 1386
Houston, TX 77251-1386

Dear Mr. Trietsch:

I am writing to follow up on our April 16th meeting to discuss the increase of the CMAQ project from its original estimate. The latest estimate has put this project beyond our means to fund. Since 2001 when we started this project, there has been a tremendous surge in development and this project's need is all the more important.

After much review, I have listed changes Montgomery County propose could be made to the project for a savings near $700,000. These changes would not compromise the project as they meet or exceed Montgomery County specifications as well as TxDOT, with the exception of the interconnect conduit. The proposed changes are as follows:

1) Reduce ground box size from 48x48 to 36x36	Savings - $164,000
2) Use SDR 13.5 Roll pipe instead of Sch 80 PVC	49,000
3) Eliminate CCTV Cameras	350,000
4) Change Long Mast Arms to 4 poles with short mast arm on 5 intersections.	140,000
Total Cost Savings	$703,000

Montgomery County has in place an "Intelligent Traffic System". The addition of this project to our system would greatly improve mobility, thus reducing idle time and emissions on a major north/south (Grogans Mill Rd.) and east/west (Lake Woodlands Dr.) corridor. This would also divert vehicles from Woodlands Parkway and Research Forest Dr., which together carry approximately 100,000 vehicles per day.

We appreciate your help in locating the additional funding for this project. Your consideration of this request is sincerely appreciated.

Respectfully,

Ed Chance
Commissioner – Precinct 3

AMENDMENT NUMBER 187

CSJ 0912-72-971

Phase 2 Construction (Transit Project)

CONGESTION MITIGATION AND AIR QUALITY (CMAQ – CATEGORY 5)

In April 2005, the Transportation Policy Council (TPC) approved the projects shown in Appendix I of the 2006-2008 Transportation Improvement Program (TIP) for advancement into the funded portion of the TIP subject to available funding. These projects were scored and ranked using the methodology detailed in Appendix B of the 2006-2008 TIP. In August 2005 the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU program) was signed into law, and in October 2005, the Texas Transportation Commission approved the 2006 Statewide Mobility Program (SMP). As a result, additional funding, subject to obligation authority limitations imposed by Federal Highway Administration to control highway program spending in response to economic and budgetary conditions, became available for programming in the 2006-2008 TIP.

Amendment #68 to the 2006-2008 TIP added projects on the Contingency List (Appendix I) of the 2006-2008 TIP into Chapter 2 of the 2006-2008 TIP. However, a number of the projects were moved into Fiscal Year 2009 of the TIP, which Federal Highway Administration regards as for informational purposes only. At this time, we are requesting to move CSJ 0912-72-0971 forward from Fiscal Year (FY) 2009 into FY 2007, to modify the limits and scope of work, and to increase the funding by less than 25%.

METROPOLITAN AREA (TMA) CORRIDOR PROJECTS (CATEGORY 2)

Project CSJ 0500-03-462 is in the 2006-2008 Transportation Improvement Program on page 2-32; it was amended in October 2005 via 2006-2008 TIP Amendment #32, in November 2005 via 2006-2008 TIP Amendment #53, and in April 2007 via TIP Amendment #178.

Because METRO has not fully committed to the local contribution, the Category 2 funds for CSJ 0500-03-462 need to be increased to cover the shortfall. Therefore, at this time, TxDOT is seeking to delete the reference to a local contribution, and to increase the Category 2 funds.

CONGESTION MITIGATION AIR QUALITY IMPROVEMENT (CATEGORY 5)

Project CSJs 0912-72-088, 0912-782-090 and 0912-72-091 were added to the 2006-2008 Transportation Improvement Program (TIP) via 2006-2008 TIP Amendment #67 in January 2006 and amended in March 2007 via TIP Administrative Amendment #181. They are funded with Congestion Mitigation Air Quality Improvement (Category 5) funds.

Harris County would like to increase the funding in these three projects in order to reflect revised cost estimates. Therefore, at this time TxDOT is requesting to increase the Category 5 funds in these three projects by less than 25%, and to move the projects into Fiscal Year 2007.

Project CSJ 0500-03-544 was added to the 2006-2008 Transportation Improvement Program in October 2005 via 2006-2008 TIP Amendment #32; the funding was amended in November 2005 via 2006-2008 TIP Amendment #53 and in November 2006 via TIP Amendment #149. It is currently funded with Category 2 Metropolitan Area (TMA) Corridor Project funds and scheduled for letting in May 2007.

At this time, TxDOT is seeking to revise the scope of work to show only one High-Occupancy Vehicle (HOV)/reversible lane, and to swap Category 2 Metropolitan Area (TMA) Corridor Project funds for Congestion Mitigation and Air Quality (CMAQ) funds to cover the cost of the HOV lane.

NO. 0630-RTP

ADOPTING AMENDMENTS TO THE *2025 REGIONAL TRANSPORTATION PLAN* (RTP) AND THE *2006-2008 TRANSPORTATION IMPROVEMENT PROGRAM* (TIP) FOR THE HOUSTON-GALVESTON TRANSPORTATION MANAGEMENT AREA:

WHEREAS, the *2025 Regional Transportation Plan* was adopted by the Transportation Policy Council on June 25, 2004; and

WHEREAS, the *2006-2008 Transportation Improvement Program* for the Houston-Galveston Transportation Management Area was also approved by the Transportation Policy Council on April 22, 2005, and was in conjunction with the adoption of the *2025 Regional Transportation Plan* and its air quality conformity finding; and

WHEREAS, it has become necessary to amend the *2025 Regional Transportation Plan* and the *2006-2008 Transportation Improvement Program* as detailed in 2006-2008 TIP Amendment; and

WHEREAS, the proposed revisions to the *2006–2008 Transportation Improvement Programs* are consistent with the *2025 Regional Transportation Plan* and its finding of conformance with the State Implementation Plan for air quality.

NOW, THEREFORE, BE IT RESOLVED BY THE TRANSPORTATION POLICY COUNCIL FOR THE HOUSTON-GALVESTON TRANSPORTATION MANAGEMENT AREA THAT THE 2025 REGIONAL TRANSPORTATION PLAN AND THE 2006–2008 TRANSPORTATION IMPROVEMENT PROGRAM BE AMENDED TO REFLECT THE REVISIONS IDENTIFIED IN 2006-2008 TIP AMENDMENTS **76, 177 AND 186.**

PASSED AND APPROVED this 27th day of April 2007, at a regularly called meeting of the Transportation Policy Council.

APPROVED:

STRATEGIC PRIORITY (CATEGORY 12)
MISCELLANEOUS (CATEGORY 10)
STATEWIDE TRANSPORTATION PROGRAM-METROPOLITAN MOBILITY (CAT. 7)

Project CSJ 8170-12-001 is on page 2-28 of the 2006-2008 Transportation Improvement Program (TIP); it was amended in November 2005 via 2006-2008 TIP Amendment #56 and in April 2006 via Amendment #82. It is currently scheduled to let in January 2008 and is funded with Category 7 STP-MM and Category 12 Strategic Priority funds. Project CSJ 8170-12-004 is on page 2-18 of the 2006-2008 TIP; it is funded with Category 7 and 12 funds and scheduled to let in August 2008; project CSJ 8170-12-006 was split out from CSJ 8170-12-001; all three projects were amended via 2006-2008 TIP Amendment #134 in December 2006.

It was determined that the description of limits for CSJ 8170-12-006 were in error. The limit that read Hempstead Road and Washington Avenue should have been Washington Avenue and Old Katy Road. The actual project limits have not changed. Also, the Automatic Pump Station is being removed from CSJ 8170-12-004 and placed with CSJ 8170-12-001, as it will be constructed at the same time as project CSJ 8170-12-001. Therefore, at this time, TxDOT is requesting to 1) correct the limit and work phasing for project CSJ 8170-12-006, 2) change the scope of work for projects CSJ 8170-12-001 and CSJ 8170-12-004, 3) eliminate the reference to raised median for project CSJ 8170-12-001, and 4) transfer Category 12 funds from CSJs 8170-12-001 and 8170-12-004 to CSJ 8170-12-006.

Type of Work: See table, attached

Requested Amendment: 1) Correct the limit and work phasing for project CSJ 8170-12-006, 2) change the scope of work for projects CSJ 8170-12-001 and CSJ 8170-12-004, and 3) eliminate the reference to raised median for project CSJ 8170-12-001, and 4) transfer Category 12 funds from CSJs 8170-12-001 and 8170-12-004 to CSJ 8170-12-006, as shown in the table, attached.

Comments: CSJs 8170-12-001 and 8170-12-006 were modeled in 2010 under MPO project ID 83. No modeling is required for CSJ 8170-12-004.

CATEGORY 5 (CONGESTION MITIGATION AIR QUALITY IMPROVEMENT)

Project CSJ 0912-37-161 is listed in the 2006-2008 Transportation Improvement Program (TIP) on page 2-10, and project CSJ 0912-37-162 is listed in the 2006-2008 TIP on page 2-11. They were amended via 2006-2008 TIP Amendment #13 to clarify the descriptions. These projects are funded with Category 5 (CMAQ) and Category 11 (District Discretionary) funds; both are scheduled to let in August 2007.

At this time TxDOT is requesting to increase the funds for these two projects to cover an overrun due to Montgomery County's request for sole source equipment that will work with their existing equipment, to cost increases in materials from the time the project was originally planned, and to purchase additional software. Also at this time, TxDOT is requesting to correct the funding to reflect a local 20% contribution only, not a state contribution, and to change the letting dates.

2006-2008 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) ADMINISTRATIVE AMENDMENTS SUMMARY – April 2007

Background

As per Transportation Policy Council (TPC) action, the Metropolitan Planning Organization (MPO) Director is authorized to approve the following revisions to the TIP administratively, with the concurrence of TxDOT:

- Project cost overruns not exceeding 25% of total project cost or less than $500,000. Should cost overruns require delay of one or more projects to a latter implementation year, TPC review and approval will be required.
- Changes to project funding category.
- Changes in project priority within the three funding years of the TIP. Changes in priority to non-State sponsored projects must also have the concurrence of the project sponsor.
- Clarification of project scope. Minor changes to project limits, description or scope, which do not materially change the project's function, cost or environmental impact, may be approved by the MPO Director.

On July 27, 2001 the TPC also approved a motion to permit the administrative approval of actions in one TIP that were already part of a previous action in another TIP. This action essentially allows for "clean-up" of the new TIP.

Administrative Amendment Summary

Amendment # 176 ☑ **Staff Recommended** ☐ **Recommended With Comment** ☐ **Not Recommended**

2006-2008 TRANSPORTATION IMPROVEMENT PROGRAM
AMENDMENT NUMBER 176

CONGESTION MITIGATION AND AIR QUALITY (CMAQ – CATEGORY 5)
MISCELLANEOUS (CATEGORY 10)

In April 2005, the Transportation Policy Council (TPC) approved the projects shown in Appendix I of the 2006-2008 Transportation Improvement Program (TIP) for advancement into the funded portion of the TIP subject to available funding. These projects were scored and ranked using the methodology detailed in Appendix B of the 2006-2008 TIP. In August 2005 the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU program) was signed into law, and in October 2005, the Texas Transportation Commission approved the 2006 Statewide Mobility Program (SMP). As a result, additional funding, subject to obligation authority limitations imposed by Federal Highway Administration to control highway program spending in response to economic and budgetary conditions, became available for programming in the 2006-2008 TIP.

Amendment #68 to the 2006-2008 TIP added projects on the Contingency List (Appendix I) of the 2006-2008 TIP into Chapter 2 of the 2006-2008 TIP. However, a number of the projects were moved into Fiscal Year 2009 of the TIP, which Federal Highway Administration regards as for informational purposes only. At this time, we are requesting to move several of these FY 2009 projects forward from Fiscal Year (FY) 2009 into FY 2007.

SURFACE TRANSPORTATION PROGRAM (STP) TRANSPORTATION ENHANCEMENTS (CATEGORY 9)
MISCELLANEOUS (CATEGORY 10)

Amendment #65 to the 2006-2008 Transportation Improvement Program (TIP) moved projects funded with Surface Transportation Program (STP) Transportation Enhancement (Category 9) funds to Chapter 2 of the 2006-2008 TIP.

$2.4 million in federal funds was allocated to the SH 288 corridor from OST/Griggs Road to Mykawa by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU). It was erroneously concluded that the funds were for CSJ 0912-71-802, which has the same limits and scope of work, but in fact the projects have two different sponsors. Therefore, at this time TxDOT is requesting to split out the SAFETEA-LU funds from CSJ 0912-71-802 into a new project with the same limits and scope. Also, to correct the highway designation to refer to Various Locations on Griggs Road from OST to Mykawa, not SH 288.

Harris County RCTSS (Phase 2)

CONGESTION MITIGATION AIR QUALITY IMPROVEMENT (CATEGORY 5)

Project CSJs 0912-72-085, 0912-72-086, 0912-72-087, 0912-72-088, 0912-72-089, 0912-782-090-0912-72-091, and 0912-72-092 were added to the 2006-2008 Transportation Improvement Program (TIP) via 2006-2008 TIP Amendment #67 in January 2006. They are funded with Congestion Mitigation Air Quality Improvement (Category 5) funds.

Harris County has would like to adjust the funding between these eight projects in order to reflect the revised cost estimates. Therefore, at this time TxDOT is requesting to adjust the Category 5 funds in these eight projects. The total funds remain the same.

CONGESTION MITIGATION AND AIR QUALITY (CMAQ – CATEGORY 5)

Amendment #68 to the 2006-2008 Transportation Improvement Program (TIP) added projects on the Contingency List (Appendix I) of the 2006-2008 TIP into Chapter 2 of the 2006-2008 TIP. Amendment #174 to the 2006-2008 TIP moved several projects forward from Fiscal Year (FY) 2009 into FY 2007 and split out the Carpool Demonstration Program from CSJ 0912-72-143.

At this time, in order to reduce paperwork and direct costs, we are requesting to transfer funds from CSJs 0912-72-030, 0912-72-143 and the Carpool Demonstration Program (Virtual) into CSJ 0912-00-344, to change the description of CSJ 0912-00-344 to "SIP Voluntary Mobile Emissions Reduction Program – CMAQ 100%", to change the description of CSJ 0912-72-143 to "Telecommuting Program" and to show project CSJ 0912-00-344 as 100% federally funded.

Please note that the funds for project CSJ 0912-00-344 were listed as 80% federal, 20% local, whereas they should have been listed as 100% federal. Funds for project CSJ 0912-72-030 are at 80% federal and 20% local, but those being transferred for the SIP Voluntary Mobile Emissions Reduction Program convert to 100% federal. Therefore, the total funds authorized is lower by the amount that had been shown as the 20% local match.

CSJ 0500-03-462
IH 45
From Nyack to Medical Center Blvd.
Widen to 10 mainlanes, one HOV reversible lane (toll), and two 3-lane frontage roads

METROPOLITAN AREA (TMA) CORRIDOR PROJECTS (CATEGORY 2)

Project CSJ 0500-03-462 is in the 2006-2008 Transportation Improvement Program on page 2-32; it was amended in October 2005 via 2006-2008 TIP Amendment #32, in November 2005 via 2006-2008 TIP Amendment #53, and in April 2007 via TIP Amendment #178.

Because METRO has not fully committed to the local contribution, the Category 2 funds for CSJ 0500-03-462 need to be increased to cover the shortfall. Therefore, at this time, TxDOT is seeking to delete the reference to a local contribution, and to increase the Category 2 funds.

Resolution

NO. 0631

ENDORSING THE PARTNERSHIP BETWEEN THE TEXAS DEPARTMENT OF TRANSPORTATION AND THE HARRIS COUNTY TOLL ROAD AUTHORITY TO CONSTRUCT TOLLED AND NON-TOLLED FACILITIES IN THE HOUSTON-GALVESTON REGION.

WHEREAS, current revenue sources for improving and expanding the regional roadway system have not kept pace with growth in vehicle miles of travel or the increased costs of construction; and

WHEREAS the adopted 2025 Regional Transportation Plan identifies an expanded network of tolled roadways and managed lanes whose revenues could provide additional funding needed to complete financing for some non-tolled, added capacity road improvements of regional significance; and

WHEREAS, the Texas Department of Transportation (TxDOT) and the Harris County Toll Road Authority (HCTRA) have developed a draft list of tolled and non-tolled roadways to be financed from toll income and constructed under a joint agreement between the two agencies.

NOW, THEREFORE BE IT RESOLVED THAT THE TRANSPORTATION POLICY COUNCIL FOR THE HOUSTON GALVESTON TRANSPORTATION MANAGEMENT AREA APPROVES AND SUPPORTS THE CONCEPT OF A JOINT AGREEMENT BETWEEN TXDOT AND HCTRA FOR THE DEVELOPMENT, CONSTRUCTION AND FINANCE OF PROJECTS LISTED IN ATTACHMENT A AND FUTURE ADDENDUMS TO ATTACHMENT A. IT IS THE UNDERSTANDING OF THE TRANSPORTATION POLICY COUNCIL THAT THE PROJECTS SHOWN IN ATTACHMENT A REFLECT A CANDIDATE LIST OF PROJECTS WHICH MAY BE REFINED THROUGH CONTINUING DISCUSSION AND NEGOTIATION.

THEREFORE, THE JOINT AGREEMENT SHOULD INCLUDE PROVISIONS FOR:

1) TPC REVIEW AND CONCURRENCE WITH CHANGES TO THE PROPOSED LIST OF PROJECTS;
2) PRESERVATION OF PUBLIC REVIEW AND COMMENT ON PROJECT PLANS, ENVIRONMENTAL FINDINGS AND DESIGN CONSISTENT WITH EXISTING STATE OR FEDERAL REQUIRMENTS; AND
3) ASSURANCE FROM THE TEXAS DEPARTMENT OF TRANSPORTATION THAT CURRENT AND FUTURE TRANSPORTATION FUNDING COMMITMENTS TO THE REGION WILL NOT BE REDUCED AND WILL BE AVAILABLE FOR OTHER HIGH PRIORITY, ELIGIBLE ROADWAY PROEJCTS IN THE REGION.

PASSED AND APPROVED this 27th day of April 2007, at a regularly called meeting of the Transportation

Resolution

NO. 0632

RESOLUTION IN SUPPORT OF THE URBAN PARTNERSHIP AGREEMENT APPLICATION TO USDOT FOR THE HOUSTON-GALVESTON TRANSPORTATION MANAGEMENT AREA.

WHEREAS, the Transportation Policy Council recognizes that congestion is a growing problem in the region; and

WHEREAS, the Transportation Policy Council further recognizes that solutions to the congestion problem require cooperation and consultation among agencies; and

WHEREAS, the Transportation Policy Council welcomes support in this endeavor from the U.S. Department of Transportation; and

NOW, THEREFORE BE IT RESOLVED THAT THE TRANSPORTATION POLICY COUNCIL FOR THE HOUSTON GALVESTON TRANSPORTATION MANAGEMENT AREA APPROVES A RESOLUTION IN SUPPORT OF THE REGION'S APPLICATION TO BE DESIGNATED AS AN URBAN PARTNER WITH USDOT TO DEVELOP, IMPLEMENT AND EVALUATE STRATEGIES FOR RELIEVING CONGESTION IN THE REGION.
