

TEXAS TRANSPORTATION COMMISSION

CHEROKEE County

MINUTE ORDER

Page 1 of 1

TYLER District

In CHEROKEE COUNTY (county), county officials have requested the removal of a segment of FARM TO MARKET ROAD 2750 from the state highway system. County officials have also requested that another segment of FM 2750 be removed from the state highway system and returned to the county for control, jurisdiction, and maintenance.

Angelina and Neches River Authority (ANRA) desires to build the Columbia Regional Water Supply Reservoir (Lake Columbia). A segment of FM 2750 is located in the basin of the proposed reservoir and would be inundated by the filling of the reservoir.

Pursuant to Texas Transportation Code, §§201.103 and 221.001, the executive director has recommended that a segment of FM 2750 be removed from the state highway system, and another segment of FM 2750 be returned to the county.

IT IS THEREFORE ORDERED by the Texas Transportation Commission that:

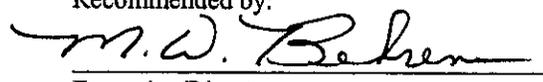

1. A segment of FARM TO MARKET ROAD 2750 is removed from the state highway system from 0.07 mile east of the intersection of FARM TO MARKET ROAD 2064 westward to 0.49 mile east of the intersection of FM 2064, a distance of approximately 0.42 miles.
2. A segment of FARM TO MARKET ROAD 2750 is removed from the state highway system and returned to the county for control, jurisdiction, and maintenance from the intersection of FM 2064 eastward to 0.07 mile east of the intersection of FM 2064, a distance of approximately 0.07 mile.

IT IS FURTHER ORDERED that the existing roadways within the above-referenced limits will not be removed from the state highway system prior to the award of the construction contract by ANRA and written notification of the construction of the Lake Columbia Dam.
