EL PASO District

The Texas Transportation Commission (commission) awards \$145,000 of 49 U.S.C. §5311 (b)(2) Rural Transit Assistance Program funds to El Paso County in support of the Intelligent Transportation Systems service integration project.

The commission takes special note of its designation by the governor as the administering agency for the Federal Transit Administration (FTA) grant program, in a letter dated June 13, 2002; and further acknowledges that federal program regulations require the Texas Department of Transportation (department) to ensure that these grant funds are distributed fairly and equitably within the state.

Transportation Code, Chapter 455 assigns a broad spectrum of public transportation roles and missions to the department.

Transportation Code, Chapter 456 authorizes the commission to administer funds appropriated for public transportation.

IT IS THEREFORE ORDERED by the commission that the executive director or the director's designee is authorized to submit the necessary state application to the FTA, and enter into the necessary contracts with El Paso County upon completion of all application requirements.
