The Texas Transportation Commission (commission) takes special note of its designation by the governor as the administering agency for the Federal Transit Administration (FTA) grant program, Formula Grants and Loans for Special Needs of Elderly Individuals and Individuals with Disabilities (49 U.S.C. §5310), in a letter dated October 4, 2005; and further acknowledges that federal program regulations require the Texas Department of Transportation (department) to ensure that grant funds are distributed fairly and equitably within the state.

Title 43, Texas Administrative Code, §31.31(g) establishes a formula by which §5310 program funds shall be distributed. The distribution of the FY 2007 allocation, including unobligated funds from previous grants, is shown in Exhibit A and has been calculated in accordance with the provisions of §31.31(g).

Transportation Code, Chapter 455 assigns a broad spectrum of public transportation roles and missions to the department.

Transportation Code, Chapter 456 authorizes the commission to administer funds appropriated for public transportation.

IT IS THEREFORE ORDERED by the commission that the executive director or the director's designee is directed to proceed with the allocations as described in Exhibit A, submit the necessary application to the FTA, and enter into the necessary contracts for the FY 2007 program of projects.
