

Thursday, February 25, 2010

The Federal Highway Administration, the Texas Department of Transportation (TxDOT) and Williamson County welcome you to tonight's Open House concerning proposed improvements to northbound Interstate Highway (IH) 35, from State Highway (SH) 29 to north of Westinghouse Road. Information regarding the proposed improvements is attached.

Please feel free to examine the exhibits on display for 6:00 pm to 8:00 pm. TxDOT staff, Williamson County representatives and project team members will be available to answer your questions during this time. No technical presentation will be given.

If you wish to present verbal comments, please see the court reporter. Comments may also be presented in writing. For your convenience, a comment form is included in this information packet. Written comments not submitted during the Open House should be mailed to District Environmental Coordinator, Texas Department of Transportation, P.O. Box 15426, Austin, Texas 78761-5426. Written comments must be received by Monday, March 8, 2010 to be included in the official open house record.

All verbal comments received at the Open House, as well as written comments received by March 8, 2010 will be taken into consideration during future project development.

Thank you for attending tonight's Open House. Public involvement is a vital part of the TxDOT project development process, and we sincerely appreciate your participation. If you have any questions after tonight's Open House, please call Dennis Nielsen at (512) 832-7056.

IH-35  
From State Highway (SH) 29 to north of Westinghouse Road  
Williamson County, Texas

---

**Project Overview**

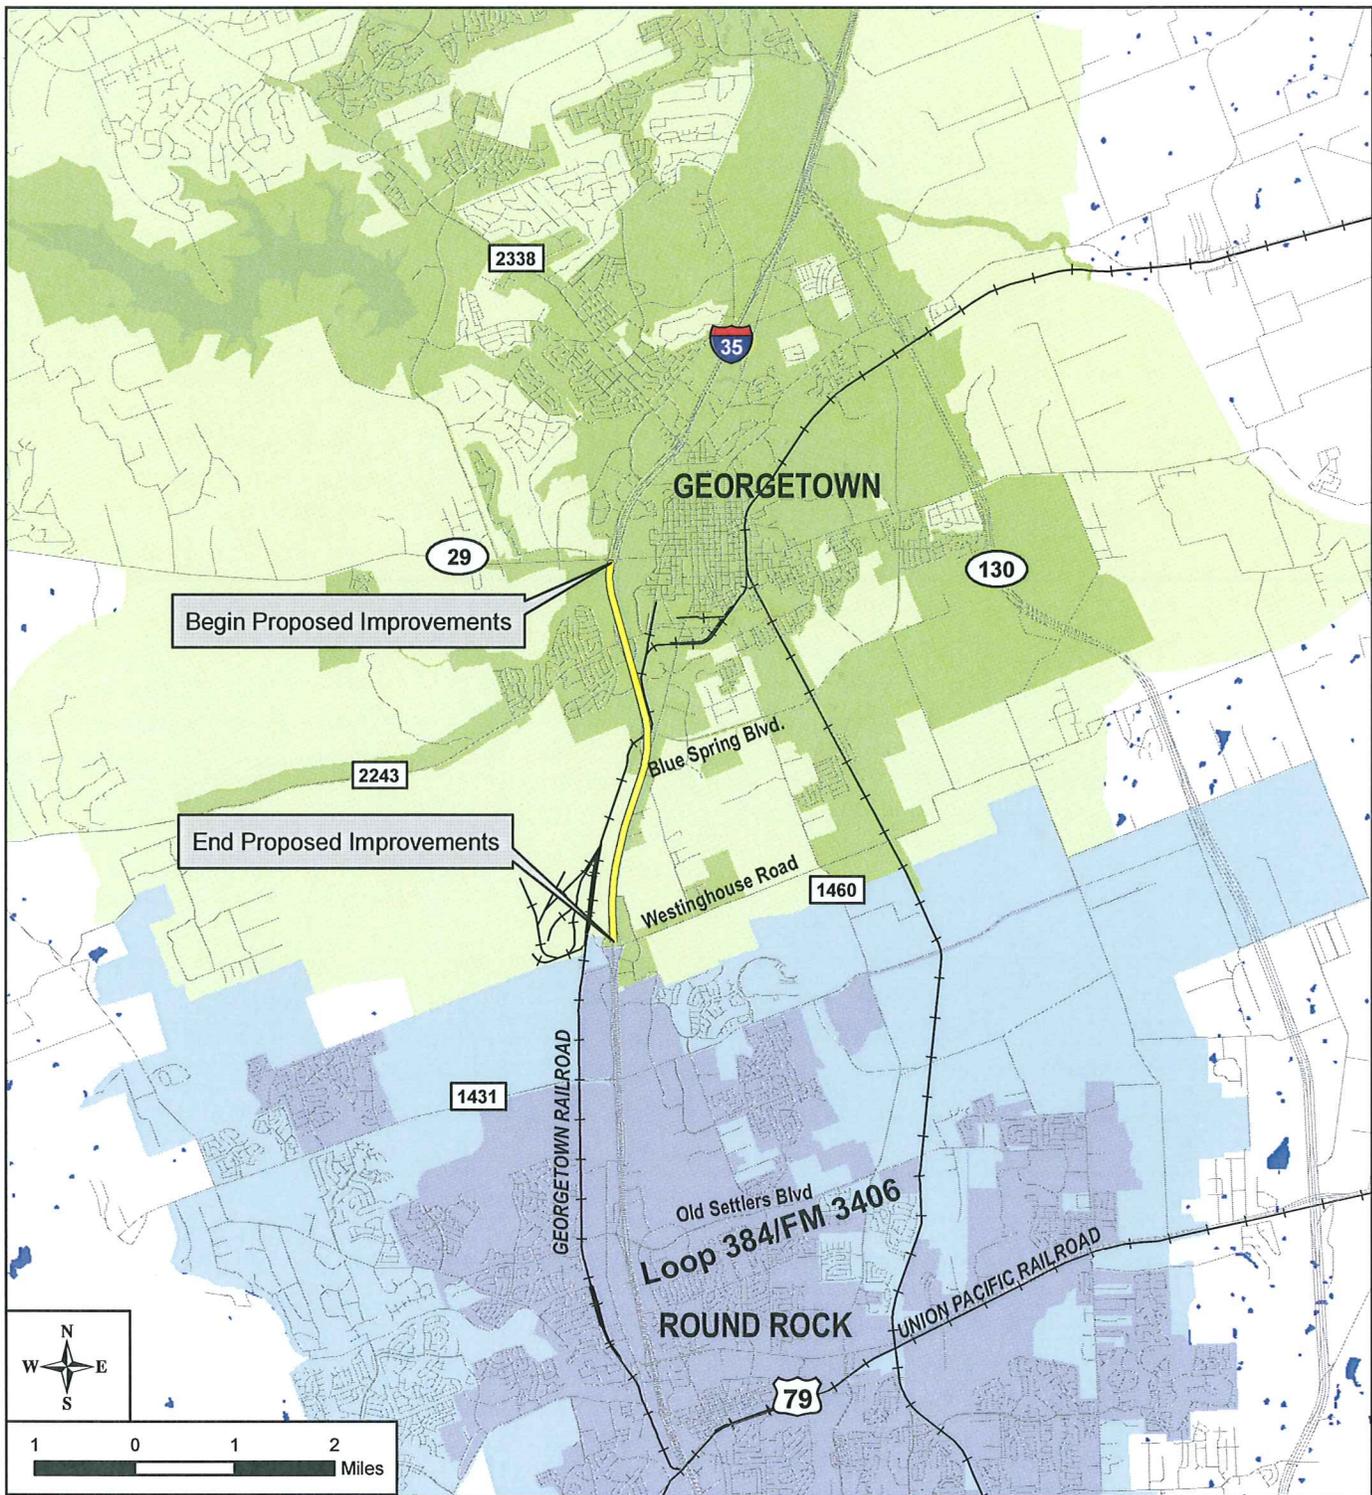

The Federal Highway Administration, the Texas Department of Transportation and Williamson County are in the process of developing a project to improve the IH-35 northbound frontage road from State Highway (SH) 29 to north of Westinghouse Road. Attached is a figure that illustrates the proposed improvements. The project is approximately 2.7 miles in length and includes construction of the northbound frontage road, ramps and bridges from Blue Spring Boulevard to SH 29. Additionally, the existing northbound frontage road would be widened from 3,200 feet north of Westinghouse Road to north of Blue Spring Boulevard and a southbound-to-northbound IH-35 turnaround bridge would be constructed on the north side of the RM 2243 overpass. The proposed improvements would be constructed in phases.

The proposed project is not currently included in the Capital Area Metropolitan Planning Organization (CAMPO) Transportation Improvement Program or the CAMPO Mobility 2030 Plan. However, TxDOT has requested that the project be included in the Transportation Improvement Plan and added to the Plan. Coordination with CAMPO is ongoing.

The objective of tonight's open house is to present information to the citizens about the project and to allow citizens the opportunity to offer input into development of the improvements. The preliminary schematic shown here tonight is subject to change based on public comments.

After tonight's open house, all comments will be considered as we continue to develop the project. Additionally, during continued project development, the improvements would be evaluated based on a combination of the design criteria and constraints, environmental constraints, construction feasibility and other factors.
