FOR IMMEDIATE RELEASE

SH 195 Open House Scheduled

FLORENCE – The Texas Department of Transportation (TxDOT) will be holding an Open House on March 25, 2010, to solicit public opinion on scheduled improvements to State Highway 195 between the Williamson/Bell County line and Interstate 35. Those improvements include upgrading SH 195 from a two-lane to a four-lane divided roadway. Also planned is a controlled access reliever route around Florence as well as two new location alignments around Behrville.

The Open House will be held from 6:00 PM until 8:00 PM at the Florence Middle School cafeteria, 12551 SH 195 South. During the event, displays showing the project area and other project information will be available for review. TxDOT staff members will also be available to answer questions.

A number of new refinements to the project design have resulted from continuing public input throughout the life of the project. A public workshop was held in September 2000, a public meeting in March 2001 and a public hearing in May 2003. The comments received at those sessions were taken into consideration while developing the current design.

All interested citizens are invited to attend this open house and to provide input. Verbal and written comments may be presented

Moving Texas Since 1917
