SPECIAL PROVISION

000--1592

**State On-the-Job Training Program
America Recovery and Reinvestment Act of 2009 (ARRA) Projects**

1. **Description.** This project is expected to be funded from the America Recovery and Reinvestment Act of 2009 (ARRA). For these projects the primary objective of this Special Provision is the training and upgrading of minorities, women and economically disadvantaged persons toward journeyworker status. Accordingly, the Contractor shall make every effort to enroll minority, women and economically disadvantaged persons to the extent that such persons are available within a reasonable area of recruitment. This training commitment is not intended, and shall not be used to discriminate against any applicant for training, whether or not he/she is a member of a minority group.

2. **Trainee Assignment.** The Department has assigned project specific trainee graduate goals to this project as shown below. These goals are in addition to any goals assigned to specific contractors by the Department’s Office of Civil Rights (OCR) to meet federal aid requirements.

For Amount of Original Contract		Trainee Graduate Goal
Above (\$)	To and Including (\$)	
0	1,000,000	0
1,000,000	25,000,000	1
25,000,000	50,000,000	2
50,000,000	75,000,000	3
75,000,000	100,000,000	4
100,000,000	Over 100,000,000	5

For these goal assignments, training may occur on this project or on other Contractor Department contracts. Graduations completed toward the goal must occur within the duration of this project or within a year from beginning of contract time charges, whichever is later. In accordance with program requirements, report all training and graduations to the Engineer and OCR.

3. **Program Requirements.** The Contractor is required to fulfill all of the requirements of the OJT program including the maintenance of records and submittal of periodic reports documenting program performance under this Special Provision. OJT program documents are available through the TxDOT Office of Civil Rights, Contract Compliance Section at 125 E. 11th Street, Austin, Texas 78701.

All training and administration costs will be subsidiary. Trainees shall be paid at least the minimum prevailing wage outlined elsewhere in the contract.

- 4. Compliance.** The Contractor will have fulfilled the contractual responsibilities under this Special Provision by having provided acceptable training to the number of trainees specified in their goal assignment. Noncompliance with this Special Provision may be cause for corrective and appropriate measures pursuant to Article 8.6., Abandonment of Work or Default of Contract, Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges.
