

NOTIFICATION OF ADDENDUM

ADDENDUM NO. 1

DATED 1/23/2014

Control	6268-31-001
Project	RMC - 626831001
Highway	IH0035
County	BEXAR

Ladies/Gentlemen:

Attached please find an addendum on the above captioned project. Included in the attachment is an addendum notification which details the changes and the respective proposal pages which were added and/or changed.

Except for new bid insert pages, it is unnecessary to return any of the pages attached.

Bid insert pages must be returned with the bid proposal submitted to the Department, unless your firm is submitting a bid using a computer print out. The computer print out must be changed to reflect the new bid item information.

Contractors and material suppliers, etc. who have previously been furnished informational proposals are not being furnished a copy of the addendum. If you have a subcontractor on the above project, please advise them of this addendum. Acknowledgment of this addendum is not requested if your company has been issued a proposal stamped "This Proposal Issued for Informational Purposes."

You are required to acknowledge receipt of this addendum on the Addendum Acknowledgement form contained in your bid proposal by placing a mark in the box next to the respective addendum.

Failure to Acknowledge receipt of this addendum in your bid proposal will result in your bid not being read.

 PERTINENT ITEMS, IF ANY, AS MAY BE REFERRED TO IN THE ABOVE-
 LISTED SPECIFICATION ITEMS, AND INCLUDING THE SPECIAL
 PROVISIONS LISTED ABOVE, CONSTITUTE THE COMPLETE SPECIFI-
 CATIONS FOR THIS PROJECT.

SPECIAL PROVISION**002---046****Instructions to Bidders**

For this project, Item 002, "Instructions to Bidders," of the Standard Specifications, is hereby amended with respect to the clauses cited below, and no other clauses or requirements of this Item are waived or changed hereby.

Article 2.2. **Eligibility of Bidders** is supplemented by the following:

Bids will not be accepted from bidders unless the bidder or the bidder's designated subcontractor(s) have been pre-qualified by the Texas Department of Transportation, San Antonio District. This technical pre-qualification is in addition to all other bidder pre-qualification requirements set forth by the Construction Division of TxDOT. To pre-qualify, file acceptable documentation demonstrating the capability of the bidder or the bidder's designated subcontractor(s) to meet the requirements described below which apply to this contract.

Category A.1.0. Pavement Repair

The bidder or the designated subcontractor must meet the following experience requirements:

- a. Five (5) years of experience in the construction, reconstruction, repair or overlay of asphalt pavements on controlled access highway main lanes.
- b. Four (4) successfully completed projects in the last six r (6) years which consisted primarily of pavement construction/repair on controlled access highway main lanes in Bexar, Dallas, Harris, Tarrant or Travis counties.

Submit completed prequalification documents prior to 12:00 P.M. (CST), 7 working days prior to bid opening to the Director of Operations, San Antonio District, Texas Department of Transportation. This will allow the Department adequate time to review the statements and respond to the prospective bidder with the status of their submittal. Any documentation, which does not correctly address all specified items, will be rejected for the reason of insufficient data and additional information must be provided.

Failure to submit technical prequalification documentation prior to 12:00 P.M. (CST), 7 working days prior to bid opening, will be sufficient reason for not being approved for bidding.

All technical prequalification documentation must appear on TxDOT Technical Prequalification Forms for Non-Site Specific Pavement Repair. Technical Prequalification Forms may be obtained upon written request from the San Antonio District Director of Operations via email to Ken.davenport@txdot.gov or by calling or 210-615-6005.

Email completed documents to Ken.davenport@txdot.gov. Hand-delivered complete documents may be brought to Texas Department of Transportation, Director of Operations, 4615 NW Loop 410, San Antonio, Texas 78229.

Should the bidder have technically prequalified subcontractors, who meet the above requirements, and should these subcontractors be unable to complete the entire project, the successful bidder must resubmit technical pre-qualification material on alternate subcontractors for approval before the work can be continued.
