

NOTIFICATION OF ADDENDUM

ADDENDUM NO. 1

DATED 4/11/2016

Control	6296-37-001
Project	RMC - 629637001
Highway	IH0035W
County	TARRANT

Ladies/Gentlemen:

Attached please find an addendum on the above captioned project. Included in the attachment is an addendum notification which details the changes and the respective proposal pages which were added and/or changed.

Except for new bid insert pages, it is unnecessary to return any of the pages attached.

Bid insert pages must be returned with the bid proposal submitted to the Department, unless your firm is submitting a bid using a computer print out. The computer print out must be changed to reflect the new bid item information.

Contractors and material suppliers, etc. who have previously been furnished informational proposals are not being furnished a copy of the addendum. If you have a subcontractor on the above project, please advise them of this addendum. Acknowledgment of this addendum is not requested if your company has been issued a proposal stamped "This Proposal Issued for Informational Purposes."

You are required to acknowledge receipt of this addendum on the Addendum Acknowledgement form contained in your bid proposal by placing a mark in the box next to the respective addendum.

Failure to Acknowledge receipt of this addendum in your bid proposal will result in your bid not being read.

Highway: IH 35W, Etc.

GENERAL NOTES:

General:

Plans are required for this project. Plans may be obtained from one of the plan companies listed in the “Special Notice to Contractors”, or viewed at Texas Department of Transportation’s (TxDOT’s) Internet site at <http://www.dot.state.tx.us/business/plansonline.htm>.

Bid proposals for this project will be delivered to the **District Maintenance Contracting Office** at the following address:

**Administration Annex Building
2501 SW Loop 820
Fort Worth, Texas 76133**

Personnel will be experienced in items of work in the contract, which they will be performing. Safety vests and hard hats will be pre-approved and worn at all times when outside vehicles within the work area.

Furnish crew(s) and equipment capable of maintaining work in a continuous manner for the completion of the work listed on the work order.

Contract Prosecution: Each contract awarded by the Department stands on its own and as such, is separate from other contracts. A Contractor awarded multiple contracts must be capable and sufficiently staffed to concurrently process and/or execute all contracts at the same time.

Project Description - This project consists of Call-Out Longline Type I Reflectorized Pavement Markings, Raised Pavement Markers and Handwork on sections of highway within Tarrant County as shown in the contract and defined in these general notes and specifications. This is callout work and non-site-specific. Coordinate all work through the Maintenance Supervisor listed below or his representative:

Ralph Garza Jr.
5501 McCart Ave.
Fort Worth, Tx 76133
(817) 370-6901

Item 5.5. Cooperation of Contractor. Designate superintendent in accordance with second paragraph.

Item 7.2.4. Public Safety and Convenience. Personal vehicles will not be parked within the right-of-way at any time, including any section closed to the traveling public. Operations will be curtailed or halted during special events that may result in delays or congestion to the traveling public.

County: Tarrant

Control: 6296-37-001

Highway: IH 35W, Etc.

Item 8.1. Prosecution of Work. Notify section supervisor 24 hours in advance of the date and time the Contractor plans to commence work. Time charges on the work order will begin in 72 hours or when work begins, whichever comes first. Begin with striping operations followed by placement (may include removal) of raised pavement markers, unless otherwise approved. This contract may have multiple work orders.

Item 8.3. Computation of Contract Time for Completion. Workings days will be calculated by dividing quantities by production rate. A fraction of the day will be rounded up to the next whole number.

There are One Hundred and Six (106) working days to complete the work.

Item 8.3.2 Restricted Work Hours. Defines working days for this contract. Perform work according to the schedule below, unless otherwise approved.

Daytime Work	Nighttime Work
9:00 am – 4:00 pm Monday – Friday Saturday (Optional)	8:00 pm – 5:00 am Sunday – Thursday

Provide a 48 hour advance notice for work on Saturday. Work on national holidays and daytime work on Sundays will not be permitted without written authorization.

Nighttime work will be determined as shown on the map of South Tarrant County included in the plans.

Working day charges for nighttime work will be charged against the night in which work begins.

Item 8.6. Failure to Complete Work on Time. Failure to complete work within the working days specified in the work order, time charges will continue for each working day until all work is completed for that work order. The amount assessed for liquidated damages will be based on the value of the original contract, in accordance with Special Provision 000-001, not the estimated amount on individual work orders.

Item 9.2. Plans Quantity Measurement. This contract is for callout work and work orders, plans quantity measurement requirement are not applicable.

Item 9.6. Payment for Material on Hand (MOH). This contract is callout work. Payment for MOH will only be made for materials by written approval of the Engineer.

County: Tarrant

Control: 6296-37-001

Highway: IH 35W, Etc.

Item 500. Mobilization: Paid by each work order issued.

Item 502. Barricades, Signs, and Traffic Handling. Equipment such as trucks, trailers, autos, etc, will be equipped with omni-directional flashing warning lights and these lights will be used within the work zone. All equipment and vehicles will be approved prior to use.

Forward facing arrow panel on lead vehicle is required when working in a continuous turn lane.

Provide signing and traffic control in compliance with the Texas Manual on Uniform Traffic Control Devices (TMUTCD), latest edition, Traffic Control Plan Standards, (TCP), and Barricades & Construction Standards (BC) listed on the title sheet. The appropriate traffic control method as outlined in the TMUTCD, latest edition, and elsewhere in the plans will be utilized for the various bid items.

Nighttime work will require off-duty uniformed police officer(s) in marked police vehicle(s) with jurisdiction and full police powers in the city or county where the work is being performed.

Use of off-duty uniformed officer(s) during daytime work will have prior approval. Number of officers will be determined and agreed upon in advance of the work. Off-duty officers will be paid for by Force Account.

Item 502.4.1.6. Contracts with Callout Work and Work Orders. All traffic control will be subsidiary to the various bid items.

Item 666. Reflectorized Pavement Markers. Minimum production rates will be as follows:

25 – Arrows/Words, or
1250 LF – 12” or 24” White/Yellow Solid
7,500 LF – 4” or 8” White/Yellow

Minimum call-out for long line per work order will be 7,500 linear feet.

Situations may require to be called out for less than the minimum in the maintenance section. If the section has less than the minimum call out, the specified minimum will be paid.

When required, an acrylic sealant will be used as a sealer for all Type I markings.

TxDOT is responsible for center dotting. If Contractor elects to do additional layout work, this will be considered subsidiary to striping operations and additional time will not be granted. Removal of temporary pavement marking tape will be considered subsidiary to the striping operations.

Handwork which requires less than 15 minutes at one (1) location will be treated as a mobile operation, otherwise complete lane closure will be required.

County: Tarrant

Control: 6296-37-001

Highway: IH 35W, Etc.

Item 668. Prefabricated Pavement Markers. Provide Type C (heat applied) prefabricated pavement markings. The minimum production rate required per normal working day will be:

6 – Highway Shields

The exact location of highway shield placement will be determined by the Engineer prior to placement.

Item 672. Raised Pavement Markers. No minimum call out quantity for this item.

The required production rate is 500 per day. If elimination is needed, those quantities will not be added to the daily production rate nor will any additional days be added.

Elimination may be required, but will not be paid for directly and is considered subsidiary to these items, this includes removal of temporary pavement marking tabs and/or tape.

Item 677. Eliminating Existing Pavement Markings and Markers. Perform elimination in accordance with Item 677.4.4 Mechanical Method.

The amount of long line striping elimination required per normal working day will be 1,000 linear feet.

Item 6001. Portable Changeable Message Sign. Provide electronic portable changeable message sign unit(s) as directed.

If more than one (1) crew works on the same day, but in different locations, each crew will use portable changeable message signs and arrow panels.

Each sign will have the following fifteen (15) messages programmed in its permanent memory:

1. Ramp Closed Ahead
2. Use Other Routes
3. Right Lane Closed
4. Left Lane Closed
5. Closed Ahead
6. Two Lane
7. Detour Ahead
8. Thru Traffic
9. Be Prepared To Stop
10. Merging Traffic
11. Expect 15 Minute Delay
12. Max Speed ** MPH
13. Merge Right
14. Merge Left
15. No Exit Next ** Miles

CONFLICT RESOLUTIONS:

A form of a Conflict Resolution Schedule is shown below. This schedule will be addressed at the pre-work meeting held prior to the implementation of this Contract. This conflict resolution/communication format will make a positive contribution to communication and performance evaluation.

CONFLICT RESOLUTION SCHEDULE

In Accordance with Article 4.2.2 of 2014 Specifications this schedule will aid in the issue resolution process.

LEVEL	RESOLUTION TIME	TXDOT REPRESENTATIVE
Informal Level A	1 Hour Maximum	State Contract Inspector (817) 370-6901
Informal Level B	1 Day Maximum	Contract Administrator (817) 370-6901
Informal Level C	4 Days Maximum	Section Supervisor Ralph Garza Jr. (817) 370-6901
Formal Level 1	5 Days Maximum	Area Engineer Gregory W. Cedillo, P.E.
Formal Level 2	10 Days Maximum	Director of Maintenance Ricardo Gonzalez, P.E.

Guidelines:

1. Resolve all issues at the lowest level possible.
2. Escalate unresolved issues as quickly as possible.
3. Escalate issues up the ladder when:
 - a. The partners cannot agree on a decision;
 - b. The partners do not have the authority to make a decision;
 - c. An issue is threatening to delay the project;
 - d. An issue is threatening to damage the partnering relationship.
4. Escalate issues evenly up both sides of the ladder, and let go of the issue when it goes to the next level.
5. Present all the facts to the decision makers, not just the facts that support your side of the

County: Tarrant

Control: 6296-37-001

Highway: IH 35W, Etc.

issue.

6. Agree to disagree, and disagree without being disagreeable.
7. Do not skip levels or “leap-frog” up the ladder. Upper level partners should insist that the ladder be used.
8. Keep partners at lower levels informed of progress in the resolution process as it develops.
9. Return the agreed upon decision to field personnel as quickly as possible, once the issue is resolved.
10. When an issue is resolved at a higher level, all parties must accept the decision and work together to resolve the issue.
