

Galvanizing Repair Paints

NOTE: Refresh the page to view the most current list.

The following list of products and manufacturers meet the requirements of DMS-8103, “Galvanizing Repair Paints.”

The Department reserves the right to perform random audits of test reports and to conduct random sampling and testing to evaluate the performance of materials and to verify conformance with DMS-8103. Department representatives may sample material from the manufacturing plant, steel fabrication shops, and project sites.

For more information, contact CST/M&P’s Coatings and Traffic Materials Branch at (512) 506-5870.
