

## Commercial Laboratories Certified for ASTM C 1260/1567 Test Methods

**NOTE: Refresh the page to view the most current list.**

The following commercial laboratories have been approved to perform the test methods ASTM C 1260 and ASTM C 1567 in accordance with Item 421, Option 8.

The Department reserves the right to distribute random samples without notice for quality assurance. The Materials and Pavements Section of the Construction Division reserves the right to revise this list either from information gained through the distribution of random samples or from data acquired from the annual proficiency program.

**For more information, contact the Construction Division's Rigid Pavements and Concrete Materials Branch at (512) 506-5858.**
