

Biaxial Geogrid for Environmental Cracking

NOTE: Refresh the page to view the most current list.

The following products are pre-qualified in accordance with DMS-6270, “Biaxial Geogrid for Environmental Cracking.”

The Department reserves the right to conduct random sampling of pre-qualified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. CST/M&P reserves the right to test samples to verify compliance with DMS-6270.

For more information, contact CST/M&P’s Asphalt, Chemical, and Calibration Branch at (512) 506-5872.

Producer	Product Name	Expires
Tensar	BX4100	3/2016
