

# MEMORANDUM

**TO:** District Engineers

**DATE:** March 11, 2008

**FROM:** Thomas R. Bohuslav, P.E. *Thomas R. Bohuslav*

**SUBJECT:** Value of Time and Road User Costs

---

Each year we adjust the value of time that is used in the calculations for determining road user costs. The adjustment is based on the annual Consumer Price Index (CPI) for the previous year. The value of time that should be used in the calculations this year is \$19.35 per vehicle hour.

Road user costs are the values used in A+B bidding, incentives, road user cost liquidated damages and lane rental.

If you have any questions about this information, please contact Juan Urrutia at (512) 416-2455.
