

**NOTICE OF PUBLIC MEETING
IH 45, US 175 and SH 310 Proposed Improvements**

CITY OF DALLAS, DALLAS COUNTY, TEXAS

The Texas Department of Transportation (TxDOT), in association with the City of Dallas, will host an Open House / Public Meeting on Tuesday, March 30, 2010, at the Martin Luther King, Jr. Center Senior Citizens Building located at 2922 Martin Luther King, Jr. Blvd., Dallas, Texas 75215, to discuss proposed plans to 1) construct freeway-to-freeway roadway ramps linking Interstate Highway (IH) 45 (Julius Schepps Freeway) and United States Highway (US) 175 (CF Hawn Freeway), and 2) convert US 175 (SM Wright Freeway) to a low-speed arterial roadway. The 4:00 pm to 7:00 pm Open House is for public review of preliminary Project exhibits, maps, drawings and considered alternatives and solutions. TxDOT and City of Dallas staff will be available to answer questions on the Project's proposed improvements.

Project limits: IH 45 from SM Wright Freeway to Lamar Street (1.7 miles); SM Wright Freeway from IH 45 to State Highway (SH) 310 near Budd Street (2.5 miles); proposed freeway-to-freeway ramps from CF Hawn Freeway to IH 45 near Lamar Street (1.4 miles). The Project need and purpose is improving travel safety and mobility. Linking the IH 45 and CF Hawn freeways would improve the neighborhood environment by removing freeway/commuter traffic from the SM Wright community and eliminating the sharp, accident-prone CF Hawn/SM Wright Freeway curve. In addition, the Project's proposed conversion of SM Wright Freeway to a 35 mile-per-hour, six-lane, signalized, at-grade, landscaped arterial with enhanced gateways and walks would initiate community investment, development and rejuvenation. Environmental documentation prepared for the Project will conform to National Environmental Policy Act guidelines to assess the Project's potential environmental, social and economic effects.

Interested persons are invited to attend this Open House / Public Meeting and comment on the Project. Written comments can also be faxed to 214.320.4470, or mailed to:
