

# NOTICE OF PUBLIC MEETING US 377 CRESSON MOBILITY PROJECT

The Texas Department of Transportation (TxDOT) will hold a Public Meeting to discuss alternative alignments for the proposed US 377 Cresson Mobility Project in the City of Cresson, Hood and Johnson Counties, Texas. The Public Meeting will be held on:

**Thursday, May 13th, 2010**  
**6:30 p.m. – 8:00 p.m.**  
**Presentation at 7:00 p.m.**  
**City of Cresson City Hall (Historic Cresson School)**  
**9304 Pittsburgh, Cresson, TX 76035**

The proposed project study area is centered around the intersection of US 377 and the Fort Worth & Western Railroad (FW&WR), with the northern, eastern, southern, and western boundaries located approximately one mile from the intersection. The proposed project is needed because the proximity of the FW&WR at-grade railroad crossing on US 377 to the SH 171 intersection impedes traffic flow; high levels of truck traffic lead to congestion along US 377; short-term solutions will not provide extended relief for motorists; and, US 377 is part of the Texas Trunk System. The purpose of the proposed project is to provide a long-term solution to identified traffic issues at the US 377 and SH 171 intersection.

Maps and drawings reflecting the alternative alignments will be displayed at the Public Meeting. This and other information about the alternative alignments are available for public inspection at the TxDOT Stephenville Area Office, 2281 E. Washington, Stephenville, TX 76401.

All interested persons are invited to attend this Public Meeting. Persons interested in attending the Public Meeting who have special communication or accommodation needs are encouraged to contact TxDOT at (254) 965-3511 at least three (3) work days prior to the Public Meeting. Because the Public Meeting will be conducted in English, requests for language interpreters or other special communication needs should also be made at least three work days prior to the Public Meeting. TxDOT will make every reasonable effort to accommodate these needs.

Verbal and written comments relative to the proposed alternative alignments may be presented at the meeting or written comments may be submitted on or before May 24, 2010, to Mrs. Maribel P. Chavez, P.E., District Engineer, TxDOT Fort Worth District – (Cresson), 2501 SW Loop, P.O. Box 6868, Fort Worth, TX 76115, in order to be included in the Public Meeting record. For additional information please contact Buddie Lasater via phone 254-965-3511, fax 254-965-4441, or e-mail: blasate@dot.state.tx.us.
