

NOTICE OF PUBLIC MEETING

North Tarrant Express – East Segment

NTE Mobility Partners (NTEMP) will conduct a Public Meeting to present design concepts for the east segment of the North Tarrant Express project.

The Texas Department of Transportation (TxDOT) in 2009 entered into a Comprehensive Development Agreement with NTEMP, awarding NTEMP the rights and responsibilities to rebuild and operate the existing highway and additional managed lanes until 2061.

The project area includes SH 183/SH 121 (Airport Freeway) from the Northeast Mall/IH-820 interchange east to FM 157/Industrial Blvd. in Euless.

The public meeting will be held on **Thursday, February 17 from 5:30-8:30 p.m. at First United Methodist Church, 1245 Bedford Road, Bedford, Texas.** The purpose of the meeting is to present design concepts and solicit public feedback from residents and businesses along the North Tarrant Express corridor.

This event will be in an open house, “come and go” format, with no formal presentations. Maps, video renderings, drawings and other information about the project will be on display. Project staff will be available at the displays to assist in orientation and interpretation of the visuals and other materials.

Attendees will have the opportunity to provide the project team with written comments or questions. All interested persons are invited to attend this Public Meeting. Written comments from the public may also be submitted by mail by Friday, March 4, 2011:

Tommy Williamson, Public Information Coordinator
NTE Mobility Partners
9001 Airport Freeway, Suite 600
North Richland Hills, TX 76180

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact NTE Mobility Partners at (817) 710-0500. Requests should be made at least 72 hours prior to the public meeting. Every reasonable effort will be made to accommodate those needs.

For more information on the project, please visit the project website at www.NorthTarrantExpress.com or call the project hotline at (888) NTE-2015.
