

# GENERAL TRANSPORTATION IMPROVEMENTS

## Proposed Project – SH 44 Improvements

### Existing Facility

The existing State Highway (SH) 44 facility is two lanes from Encinal to the Webb/Duval County Line.

### Project Purpose

The purpose of the proposed SH 44 project is to improve regional mobility and connectivity with I-35.

### Project Proposed by Corridor Segment 4 Committee

The project proposed by I-35 Corridor Segment 4 Committee would improve SH 44 connectivity from I-35 north of Laredo to the Port of Corpus Christi. The project distance within the segment study area is approximately 30 miles.

### Conceptual Project Cost Estimate

The project cost cannot be determined at this time; however, improvements to SH 44 are currently being considered by the I-69 CSCs.
