ITEM CODE ITEM DESCRIPTION

Special Provisions

SPECIAL PROVISIONS WILL GOVERN AND TAKE PRECEDENCE OVER THE SPECIFICATIONS ENUMERATED HEREON WHEREVER IN CONFLICT THEREWITH.

SP002-009	Adds language to Standard Item 2 in coordination with SP 000-394 and addresses how bidders are specifically affected in the areas of proposal issuance, non-responsive bids, and DBE commitments by the implementation of existing U.S. DOT regulations. Required for all federal-aid projects beginning with the February 2017 letting. 2.
SP002-011	Revises Standard Item 2 to require the Contractors' participation in E-Verify. Required for all projects beginning with the April 2018 letting. 2.
SP002-013	For project 0000-00-000 in Anderson County. Instruct bidders that ESBID, ICX, Plans Online, and the project proposal are the official sources of advertisement and bidding info for lettings. Bidders to base their bids on info found therein. Required for all projects beginning with the May 2019 letting. Include via addendum to all construction projects on the May 2019 letting. May also be used in subsequent lettings if there continue to be issues with information posted to other websites. One-Time Use.
SP003-011	Adding back TAC rule language 9.18(a)(2) to Item 3 to allow routine maintenance contracts to obtain insurance prior to beginning of work and not prior to executing the contract as stating in Item 3. Required for all projects beginning with the June 2019 letting. 2.
SP003-013	AWARD AND EXECUTION OF CONTRACT
SP005-002	Notifies the contractor of the range of contract remedies applicable for substandard performance. Required for all projects beginning with the September 2018 letting. 2.
SP005-003	CONTROL OF THE WORK: Modifications to Article 5.4 in order to implement requirements of Chapter 473 (HB 2899) of the Transportation Code. Chapter 473 (HB 2899) was effective immediately upon signature (June 2, 2019). Required for all projects using control of the work beginning with the December 2018 letting. Statewide Use
SP006-012	VOIDS AND REPLACES STANDARD ARTICLE 6.10., 'Hazardous Materials, informing the Contractor that TxDOT will abate lead or asbestos separately from the prime contract. Required on all projects beginning with the August 2018 letting except when 006-013 is used. Change Memo de-05-18. 2.
SP006-030	CONTROL OF MATERIALS: Updates Buy America Language to meet requirements of the Build America Buy America Act included in the Infrastructure Investment and Jobs Act. Required by the Federal government on all Federal projects. Change ordering this SP into existing contracts is not required. Statewide Use.
SP007-004	Identifies contractor co-permittee requirements for storm water management. Required for all projects beginning with the January 2016 letting. 2.
SP007-008	Revises and replaces Sections 7.18 & 7.19 of the standard specifications requiring the electronic submittals of payrolls using the Department's system. Required on all construction projects (federally-funded and wholly state-funded). NOTE: The Department's system is LCP Tracker. 2.
SP007-010	For project 0000-00-000 in Anderson County. The Contractor will coordinate closures & work to ensure all lanes and ramps possible are available during peak traffic periods. Required on all projects beginning with the September 2017 letting. One-Time Use.
SP007-011	This special provision replaces SP007-001 and has modifications to Section 2.6. Required for all projects beginning with the February 2021 letting. Replaces SP007-001 . Statewide Use.
SP008-004	Replaces Article 8.1 to allow work to begin 120 days after authorization. Optional for all projects beginning with the January 2015 letting. Use of this SP requires approval. Do not use with SP008-002, SP008-003, or SP008-005.2.
SP008-030	Revises Standard Item 8 to address the Prime Contractors' responsibility for requiring their Subcontractors participation in E-verify. Required for all projects beginning with the April 2018 letting. 2.
SP008-033	With this special provision, Article 8.7.2., 'Wrongful Default,' of the standard specifications and Special Provision 008-023 are voided and replaced. Required on all contracts beginning with the April 2019 letting. Voids and replaces 008-023. Replace. SP008-02. . 2.
SP009-010	MEASUREMENT AND PAYMENT: Supplements Article 9.5., "Progress Payments" and revises Article 9.6., "Payment for Material on Hand (MOH)." Required for all projects beginning with the July 2021 letting. Statewide Use.
SP009-011	MEASUREMENT AND PAYMENT: This special provision makes a correction to the standby rate calculation by adding parenthesis around the FHWA hourly rate and operating costs. It also clarifies that 15% markup will not be allowed for standby equipment costs. Required for all projects beginning with the August 2021 letting. Statewide Use.
SP247-003	This special provision adds certification requirements when utilizing Contractor's test results for consideration of acceptance, use of SiteManager templates, obtaining samples, referee test requirements and ride quality requirement modifications. Required for all projects using Flexible Base beginning with the September 2018 letting. Statewide Use.
SP420-001	CONCRETE SUBSTRUCTURES: Clarifies Article 420.6., "Payment" relative to new pay item for Item 426. Required for all projects using Concrete Substructures beginning with the August 2022 letting. Statewide Use.
SP421-010	HYDRAULIC CEMENT CONCRETE: changes mix design allowances for Class H concrete and requirements for calcium nitrite corrosion inhibitors. Required for all projects using Hydraulic Cement Concrete beginning with the July 2022 letting. Statewide Use.
SP440-004	REINFORCEMENT FOR CONCRETE: Modifies Sections 2 and 3, and replaces SP 440-003. Replaces SP440-003. Statewide Use.
SP441-004	STEEL STRUCTURES

REFERENCE ITEM NAME**ITEM CODE ITEM DESCRIPTION****Special Provisions**

SP442-001	This proposed special provision updates Item 442, "Metal for Structures" of the Standard Specifications to address the replacement of ASTM A325 and A490 with ASTM F3125. 2.
SP448-001	STRUCTURAL FIELD WELDING
SP449-002	Provision adds steel electrical service supports to the list of poles that require electrical conducting lubricant compound.
SP502-008	Barricades, Signs, and Traffic Handling: This SP incorporates the language from the current SP 502-007, adds FHWA MASH compliance language, and replaces SP 502-007 for statewide use. Required for all projects using barricades, signs and traffic handling beginning with the December 2020 letting. Replaces SP502-007. Statewide Use.
SP506-002	Modifies Standard Item 506 for projects that disturb less than one acre or routine maintenance activities that maintain the original line and grade, hydraulic capacity, or original purposes of the site. If SP 506-002 is used, do not use SP 506-004. Statewide Use.
SP540-001	Article 4.7 in Item 540, has been replaced to specify the Long Span System as being payable by each for consistency with updated roadway standard. Statewide Use.
SP656-001	FOUNDATIONS FOR TRAFFIC CONTROL DEVICES
SP6185-002	TRUCK MOUNTED ATTENUATOR (TMA) AND TRAILER ATTENUATOR (TA): Removes the unit of measurement of by the EACH from stationary operation. The only approved unit of measurement for stationary operation of TMA/TA is by the DAY. Required for all projects using truck mounted attenuator (TMA) and trailer attenuator (TA) beginning with the November 2019 letting. Replaces SP6185-001. Statewide Use.
