Question: What is the Item 3066-6001 Bonding Course and the Alternate Item 3002-6001?

Answer: Item 3066-6001 Bonding Course replaces the tack coat (typically subsidiary) for Item 344-6136 with a pay item for a Tracking Resistant Asphalt Interlayer (TRAIL) material within the TxDOT Material Producer List. The Alternate Item 3002-6001 allows replacing the Bonding Course with an Underseal Membrane applied with a Spray Paver.
