

Project: F 2021(732)
From: IH 20
To: IH 30
Control: 2374-02-156
Highway: IH 635
County: Dallas

Date	Questions	Answers
6/21/2021	Looking into this project, it is calling for Sacrificial units, can you please advise if we can quote the Absorb M and have the standard added to the plans?	The ABSORB(M)-19 is acceptable for temporary work zone use.
6/28/2021	We did not see a biditem for removal of existing mow strip or pavement where the new mow strip will be installed. How will the contractor be paid for removing any existing pavement or concrete that has to be taken out to install the new mow strip?	Areas shown in the plans for new MBGF and new mow strip are areas where there is no existing mow strip present.
6/28/2021	We did not locate any embankment, backfill, or topsoil items as part of this work. How will the contractor be paid for slope correction along the backside of the new mow strip if needed?	Topsoil and block sod are included in the plans for these areas
