 Highway: FM-1394
 Various Roadways in Navarri County Maintenance Section
 Letting Date: March 2019

Last revision on March 7, 2019

No.	Questions	Answers
1	Wanted to verify that this contract is site specific per the plans, and not a callout type maintenance contract.	Please reference Item 3 of the General Notes, this contract is site-specific. After written notification, work will be continuously prosecuted to completion. This means, once work begins all locations on the summary sheet will be completed per the approved sequence of work submitted by the contractor. The various quantity may be performed at a later date, but within the 365 Calendar days.
2	There is not a barricade pay item in the plans, are project limit signage required, and if so, how is it proposed to be paid?	Project limit signage is not required. All traffic control is subsidiary to the various bid items in the contract. Reference Item 502 for all lane closure information.
3	There are not any SW3P pay items in the plans (silt fence, seeding), is this work supposed to be completed? What item(s) would this be subsidiary to?	Reference Item 506 in the General Notes.
