Contractor # 1

Q1. We would like to request a copy of the time determination schedule for the Tarrant 0172-06-094 project. Will you please post any cross sections, geotech reports, and time calculation data on your FTP site?

A1. Requested information are provided in FTP site.

Q2. A field office is required per spec. Do you really want one for this project?

A2. Field Office is not required. The spec is for Field Lab for testing conc and hot mix per item 504 in General Notes.
