

Tarrant County, Etc.
Restoration of Roadway Work Consisting of Concrete Pavement Repairs and
Structure Repair
0902-00-162

4-Aug-2020

1. You have any idea how much Fibrecrete repairs will be topping off existing fibrecrete that has settled versus traditional spall repair work using this product? Makes a huge difference in price and nightly production. **Since this is a callout contract, we do not have predetermined quantities of how much Fibrecrete repairs will be topping off existing Fibrecrete that has settled versus traditional spall repair work. Bid the contract as per the plans. Repair method will be determined in the field.**
