

Pre-bid Questions and Answers

CSJ # 0271-17-178

1. The Bid Documents call for a "Broadcast Seed Perm Special Mix". We looked through the Project Documents and did not find anything specifying what the actual Special Mix is for this particular seed. I am needing to know what the actual Special Mix is for the Seed or if it would be possible to do an Addendum.

Response: Information on the broadcast seeding special mix is located on Plan Sheet 332 under Detail #2.
