2/23/2021	Can you clarify General note 316 " Cover the seal coat with the next layer prior to opening to traffic, unless otherwise approved by the engineer". Is this note with the intent that the TOM Mix has to be laid dailey with the seal coat ?	Please bid per the requirements set forth in the plans.	3/3/2021
2/26/2021	In the notes under item 316 Seal Coat, the allowable asphalt cement based on the ADT says either AC-20 XP or AC-20-5TR can be used but the bid item has A-R binder. Will an additional option be available other than A-R binder?	Please bid per the bid items in the plans.	3/3/2021
