

Pre-Bid Questions

RMC 6372-75-001

Question: What type of trimming and brush removal is anticipated, are there deep cuts and clearing to fence line or do you anticipate more clearing limbs to the 18 foot level.

Answer: Most of the work is trimming limbs to the 18' height, but any brush 4" or less needs to be removed to the treeline(larger trees that will remain) or edge of ROW.
