I have the following question for the Montgomery Co. FM 1314 local maintenance project that bids in February:

1. Items 462-6001 and 467-6110 are shown on Sheet 4 (E&Q Sheet) of the plans. However, the work is not illustrated anywhere else in the plans. Could you provide information such as a plan and profile sheet, culvert layout sheet, and/or Box Culvert Supplement (BCS)?
- **Please refer to Sheet 8 of the plans for details on the scope of work. We are reviewing the questions on a supplemental sheet.**
