

PROSPECTIVE BIDDER'S INQUIRIES

CSJ: 0064-04-045

Bid Opening Date: 12/2022

No.	QUESTION	TxDOT AREA OFFICE RECEIVED QUESTION FROM BIDDER	RESPONSE
		DATE	
1	On Project CSJ0064-04-045 sheet 25A regarding Flexible Pavement Repair, the mix calls for SAC-A with PG76-22. The norm for pavement repair is Ty-B (SAC-B) PG64-22. I'm sure it's just a TYPO or someone just copied and pasted the the SAC-A/76-22 from a Surface Mix spec.	11/08/2022	See addendum.
2	Can you explain the purpose of Item 315-6008?	11/21/2022	This item is intended for the shoulders. Please see typical sections.
3	Can you explain the purpose of Item 316-6003?	11/21/2022	See posted addendum.
4	Reference section #2 SH 21 0118-10-069 plan sheet #9 typical section 575+54-576+70 (Intersection of SH 21 and US 96) shows a 50' wide placement of SP-D PG 70-22 each side of the TOM mix. The quantity summaries do not show a quantity for the SP-D at this location. How is this work to be paid for?	11/22/2022	This work is paid with Item 3077-6051.
