1. Question: How are we going to know which signs need to be ordered? Also how much time will we have to order and receive the signs once we know which kind are needed. **Answer: As stated in the general notes the Contractor will be issued a work order with the signs that need to be replaced. Once a work order is issued the Contractor must provide TX DOT with documentation showing that the signs have been ordered within seven calendar days. Contractor must begin work within ten working days of receiving signs from the manufacturer.**
