1. **Question:** Item 351 Flex pave repair general note states that there will be a minimum of 2 work orders and a maximum of 6 work orders. The plans provide 10 call out mobilizations. Which is correct? Please clarify.

ANSWER: The correct number of work orders will be a minimum of 2 and a maximum of 6 work orders. The general notes are correct.

2. **Question:** Item 351 Flex pave repair general note states that work areas will be in Andrews, Martin, and Midland Counties. Mobilization (call Out) item states that work is in Midland, Andrews, Martin, and Upton Counties. Which is correct? Please clarify.

ANSWER: Callout work will be done in Andrews, Martin, Midland and Upton Counties. Locations with planned work in the plans will have work in the following counties: Andrews, Ector, Midland, Crockett, Martin and Upton. It appears the consolidated summary has the wrong county on location 3 which should be Ector, Locations 9/10, 11, should be Crockett and Location 12 should be Upton. The location map is correct.

3. **Question:** Item 500 Mobilization in the general notes states Call Out work for this contract will be issued by work order. Each work order may include multiple roadways within Midland, Andrews, Martin, and Upton Counties. Mobilization (Call Out) Each will be paid once per work order issued. Since the area provided for mobilization is contained in 4 counties can the Department provide more specific information regarding how many locations will be included per work order?

ANSWER: The work order locations are subject to change depending on District need. Each mobilization can have multiple roadways but each mobilization will be limited to roadways in 1 section/county.
