

PROSPECTIVE BIDDER'S INQUIRIES

CSJ: 6352-21-001

Bid Opening Date:4/15/2020

No.	Question	Date Received	Response
1	We assume that access too this project will be done thru private property ? As we see on way too access the site via the ROW. I have photos if you would like too view.	4/9/2020	The intent is for the contractor to obtain access to the work site via the east end of the bridge or other means as the contractor feels is required. Due to the variability in contractor's equipment and capabilities, it is difficult to determine what type off access will be needed. If a prospective contractor feels that alternate means to access the location is needed, then that should be determined and accounted for during the letting process.
