1	How is mobilization item going to be paid? Is it going to be paid for every time the janitorial cycle is needed, or only for grounds maintenance cycles, or both? Please shed some light to clarify when the mobilization item will be paid.	8/16/2019	Mobilization will only be paid for when a mowing/trimming cycle is work ordered. No mobilization will be paid for on the janitorial cycles. The janitorial cycles are site specific and cycle specifics as detailed in the plans.	8/16/2019
2	For the janitorial maintenance item, does the contractor get paid for 2 cycles (one cycle times the two locations) when both rest areas are cleaned in a day or does one cycle include both locations when both rest areas are cleaned in a day?	8/20/2019	The payment for janitorial maintenance by the cycle is full compensation for cleaning <u>both</u> rest areas within a day. When the contractor cleans both rest areas on Monday, they will be paid one cycle. When they clean both rest areas on Thursday, they will be paid one cycle.	8/20/2019
3	Same question as number 2 except is the mowing/trimming items paid as one cycle for each location or does one cycle include both locations.	8/20/2019	The payment for mowing/trimming by the cycle is full compensation for mowing/trimming <u>both</u> rest areas. When a contractor is given and completes a work order to perform a mowing cycle, the payment for one cycle will be made once mowing/trimming of both rest areas is completed.	8/20/2019
