No.	Question	Date Received	Response	Response Date
1	Is the litter subsidiary to the mowing? Will litter pick-up be required? What tracks, if any?	1/3/2022	There is no litter removal required on this project. There is no pay item and no litter removal that would be subsidiary. Disregard any references to litter in the general notes.	1/3/2022
2	Will there be flexibility in the start date?	1/3/2022	Per the general notes "A work order will be issued to begin work for each mowing/litter removal cycle" These work orders are based off the need of mowing at any given time. The contractor awarded the project must be able to respond to and perform the work per the work order issued.	1/3/2022
