PROSPECTIVE BIDDER'S INQUIRIES

CSJ: 6385-11-001

Bid Opening Date: 6/29/2022

9	Can you please provide a list of the equipment from CSJ 0017-02-080 for the current materials project bidding?	6/9/2022	There is no equipment from CSJ 0017-02-080 associated with this contract. This contract only buys equipment as stated in the Specification 6482 listed in the bid advertisement and the Sole Source Memo (see memo posted on the TxDOT perspective bidders FTP site provided in the General Notes)	6/13/2022
10	To clarify, is this just for the purchase of materials? I got a little confused with the work order discussion. It may be that you are not looking for a contractor.	6/14/2022	Yes, this contract is for material purchase only.	6/14/2022
11	We have the plans for the 18 locations on IH 35, but this there is a note in this letting that says to reach out to you "in order to obtain a copy of the construction plans that contain the specific details of the type and quantities of the equipment needed at each location". We do have some information already based on previous conversations, but wanted to see if you can send us what we need for this letting specifically for the other locations.	6/17/2022	There are no construction plans for this contract. This contract is for material purchase only.	6/20/2022
12	(My company) is a pre-approved supplier for materials, we just want to be certain this does qualify us to bid directly on this project, correct? Sorry for silly question, this is our first procurement bid like this for TXDOT and we want to be absolutely certain we don't do anything wrong on our end!	6/17/2022	There are no pre-approval requirements to bid on this contract.	6/20/2022
