

PROSPECTIVE BIDDER'S INQUIRIES

CSJ: 6346-02-001

Bid Opening Date: 10/02/2019

No.	Question	Date Received	Response	Response Date
1	Can the Department provide a list or map of areas this work is anticipated to be completed?	9/25/2019	Sheets 53 and 54 of the plan set show the locations of the roadways that are anticipated to be performed as site-specific work. These locations compose 75% of the total work on the contract. The remaining 25% of the quantities will be performed on non-site specific locations within Bexar County. Per the General Notes, all work on this contract will be issued by a work order from TxDOT personnel, including site specific work. No work will be performed until a work order is issued to the Contractor. For further information on specific work order requirements, please review the general notes. For further clarity on the locations of the site specific locations, site specific location maps are being uploaded onto the Pre-Letting Bidder's Response FTP site for Contractor's information only.	9/26/2019
2	On the map located on the front page of the plans is a 10 and 17 circled. What are those?	9/25/2019	The 10 and 17 circled on the title sheet map indicate the TxDOT section number for the East Bexar and West Bexar maintenance sections. This information is not pertinent to the contract. It is superfluous information that was included on the map when it was attached to the title sheet.	9/26/2019

Document Revised on: 09/26/2019
