AREA ENGINEER: Travis Herrell, P.E.

EMAIL QUESTIONS TO: [Travis.Herrell@txdot.gov](mailto:Travis.Herrell@txdot.gov)

**\*\*CHANGES FROM PREVIOUS VERSION HAVE BEEN HIGHLIGHTED BELOW\*\***

PREVIOUS VERSION: N/A

CURRENT VERSION: N/A

#	DATE RECEIVED	STATUS	QUESTION	ANSWER
1	1/2/2019	Complete	Are you going to require perimeter barricades at and of the locations or can the work be done with daily shoulder/lane closures with the TMA's?	Perimeter barricades will be required at locations 1, 2, 3, 4, and 5. Locations 6 and 7 will be done with daily TCP set ups.
2	1/8/2019	Complete	In the general notes under item 610 it states you want a TX DOT approved fixture that is capable of being adjusted vertically , there is only one brand that meets that requirement that is approved as now . Will submissions of other brands be allowed as long as it can meet the same specifications or are we stuck with only the one source ?	Any roadway illumination assemblies that are not on the MPL will have to be submitted to TRF in Austin for approval.
