#	DATE RECEIVED	STATUS	QUESTION	ANSWER
1	11/15/2019	In Progress	I had a question about the TMA (Mobile Operation) Item Code 6005, said 500 days so I just wanted to know if that quantity is based on 2 TMA's since this contract is calculated using working days. So is that number for two TMA's or 1 TMA?	The number of TMA's required will be as shown on traffic control standards. Special Provision 6185-002 Article 4.2 states that "...When measurement by the day is specified, a day will be measured for each TMA/TA set up and operational on the worksite."
2	11/18/2019	In Progress	When is the anticipated start date for this contract?	The anticipated start date is March 1st
3	11/18/2019	In Progress	Is there a renewal option for this contract?	There is an option in the contract to renew for an additional year if agreed on by both parties.
