## Fibers for Class A and Class B Concrete Applications

### Overview

The following lists of fibers and dosages are pre-qualified in accordance with DMS-4550, “Fibers for Concrete.” Pre-qualified synthetic fibers are shown in Table 1 and pre-qualified metal fibers are shown in Table 2.

The Department reserves the right to obtain random samples without notice for quality assurance.

For more information, contact the Materials & Tests Division’s Rigid Pavements and Concrete Materials Section at (512) 506-5858.
