

# Geogrid for Base / Subgrade Reinforcement

---

## Material Producer List

Materials and Tests Division

Soils & Aggregates Section

April 19, 2022

## **Geogrid for Base / Subgrade Reinforcement**

The following products are pre-qualified in accordance with DMS-6240, “Geogrid for Base / Subgrade Reinforcement.”

The Department reserves the right to conduct random sampling and testing of pre-qualified materials to verify performance and Specification compliance and to perform random audits of documentation. Department representatives may sample material from the project site and the warehouse.

For more information, contact the Materials and Tests Division/Soils and Aggregates Section at (512) 803-9069.

SUPPLIER	TYPE	SUPPLIER PRODUCT NAME	MANUFACTURER	MANUFACTURER PRODUCT NAME
