

Reinforced Fabric Joint Underseal

Material Producer List

Materials and Tests Division

Reinforced Fabric Joint Underseal

The following products have met the requirements of DMS 6260, “Reinforced Fabric Joint Underseal.”

The Department reserves the right to conduct random sampling of prequalified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. The Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with DMS-6260.

For more information, contact MTD’s Chemical Lab at (512) 506-5858.
