Metal Railing Fabrication Plants

Reference

Refer to the Department's *Standard Specification for Construction and Maintenance of Highways, Streets, and Bridges* for information on the following:

- Item 450, "Railing"

General

The following metal railing fabrication plants have been approved in accordance with DMS-7395, "Metal Railing Fabrication Plant Qualification," which is referenced in Item 450.

The Department reserves the right to conduct random sampling and testing and visual inspections of materials from approved fabrication plants. Department representatives may sample and inspect material from the fabrication plant or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 450.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 993-7117.
