Nonstressed Member Fabrication Plants (Multi-Project)

Reference

Refer to the Department’s *Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges* for information on the following:

- Item 424, “Precast Concrete Structures (Fabrication)”

General

The following multi-project fabrication plants (as defined in Item 424) that produce precast nonstressed members (as defined in Item 424) have been approved in accordance with DMS-7300, “Precast Concrete Fabrication Plants.”

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from approved nonstressed member multi-project fabricators. Department representatives may sample and inspect material at the fabrication plant or the project site. The Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 424.

The fabricator’s monogram stamp is only to be placed on TxDOT-inspected product. This stamp should not be placed on product for which TxDOT has not provided Quality Assurance inspection.

For more information, contact MTD’s Prefabricated Structural Materials Section at (512) 993-7117.
