

# Paint, One Coat Overcoat

---

## Material Producer List

Materials & Tests Division

## Paint, One Coat Overcoat

The following manufacturers of overcoat paints received preliminary approval during the development of DMS-8105, "Paint, One Coat Overcoat." This Specification describes the procedure for approval. The materials listed below are approved for use when DMS-8105 is referenced.

The materials will require sampling and testing once per project.

The Department reserves the right to conduct random sampling and testing of pre-qualified materials to verify performance and Specification compliance and to perform random audits of documentation. Department representatives will select random samples from materials submitted to the Department on contracts or direct State purchase orders.

For more information, contact the Materials and Tests Division's Coatings and Traffic Materials Section at (512) 865-1542.

Producer	Product
Ameron	Amerlock 2AL
Carboline	Carbomastic 15
