Material Producer List

Materials and Tests Division

Traffic Paint

The following products are pre-qualified for use whenever traffic paint pavement markings are specified.

The Department reserves the right to conduct random sampling of prequalified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. CST/M&P reserves the right to test samples to verify compliance with the specification requirements for traffic paint pavement markings.

For more information, contact MTD's Coatings and Traffic Materials Section at (512) 865-1542.
