

Webinars on Proposed Changes to TxDOT Contracting Rules

The Design Division - Consultant Contracts Office (DES-CCO) will be hosting two webinars to provide information on the proposed rule changes that were presented to the Texas Transportation Commission on October 25, 2012.

Texas Administrative Code (TAC), Title 43, Part 1, Chapter 9, Subchapter C, *Contracting for Architectural, Engineering, and Surveying Services* (sections 9.30 - 9.43) govern the process TxDOT follows for procuring these services. Changes to the rules were necessary to align with federal requirements. At the same time TxDOT took the opportunity to address other improvements to the rules.

Each webinar is limited to the number of connections allowed by the WebEx service. Please consider sharing a connection among staff within your firm, if possible. The information presented in the two webinars will be the same.

First Webinar:

November 8, 2012
10:00AM - 12:00PM

Second Webinar:

November 13, 2012
1:30PM – 3:30PM

In order to register and receive the information to call in and log on, please e-mail Paula McGinley at paula.mcginley@txdot.gov. Please include the firm name and city location with the request.

This information was also sent to the e-mail addresses identified as contacts in the CCIS data base for active precertified firms. If contacts did not receive an e-mail, it is possible the e-mail addresses were not valid. You are encouraged to check this information and keep it up to date. If you have a question, please contact Paula McGinley at 512-416-2218.
