NOTES

Sign-in

All meeting attendees are encouraged to sign-in. The sign-in sheets assist in keeping a record of attendance for this meeting and will help in evaluating the public interest for this project.

Meeting Purpose

The Public Meeting is being conducted in an open-house format to present project information and gather input from interested individuals on the proposed Loop 375 (Joe Battle Boulevard) project.

Project Description

The proposed project consists of adding an additional 12-foot-wide travel lane in each direction within the existing inside shoulder between US 62/180 (Montana Avenue) to Bob Hope Drive. The proposed project will not require any bridge reconstructions. All of the proposed work is anticipated to occur within the existing TxDOT right of way and would not result in commercial or residential displacements.
