

Notice of Availability

Finding of No Significant Impact

Callaghan Road from IH 410 to Spur 421 (Bandera Road)

This notice is to advise the public that the Texas Department of Transportation (TxDOT) has issued a Finding of No Significant Impact (FONSI) for the proposed roadway improvements for Callaghan Road from Interstate Highway (IH) 410 to Spur 421 (Bandera Road) in San Antonio, Bexar County, Texas. The purpose of the proposed project is to improve mobility and operational efficiency, and improve the surface and storm drainage system of Callaghan Road. The proposed project includes expanding Callaghan Road to a four-lane roadway with a continuous left center turn lane, including the installation of curbs, sidewalks, and a shared-use path. Also, the proposed project would include the installation of traffic signals at Centerview Drive, Manitou Drive, Summit Parkway, Inspiration Drive, and Evers Road. The existing storm drainage system would be upgraded to meet current capacity requirements. These improvements include adding a 10-ft by 6-ft box culvert from Chesswood Drive to the outfall channel at Postwood Drive. In addition, the underground storm drainage system would be expanded along Callaghan Road and for 450 feet along Centerview Drive to connect it to existing infrastructure.

Implementation of the Callaghan Road project would require the acquisition of approximately 0.65 acre of new right-of-way (ROW), in addition to 0.10 acre of permanent easements, and 0.45 acre of temporary construction easements. ROW acquisition would not require the relocation of any residences or displacement of any businesses. However, partial acquisition would be required from 31 parcels. The ROW acquisition process would comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.

Copies of the FONSI, approved Environmental Assessment, Public Hearing Summary and Analysis Report (including responses to comments), and Certification of Public Involvement for this project are available for viewing at the City of San Antonio Transportation and Capital Improvements (TCI) Department, Horizontal Division, 114 W. Commerce, Room 503, San Antonio, TX 78205. Upon request, CDs of the above-listed documents will be available for pick-up at this location. For further information, please contact David McBeth, P.E., Project Manager, City of San Antonio TCI Horizontal Division at (210) 207-6342 or submit an email to david.mcbeth@sanantonio.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.
