Safety Minute

Heat Stroke

Take regular breaks

Block out direct sun and other heat sources

Drink often and BEFORE you are thirsty. Drink water every 15 minutes

Avoid beverages containing alcohol or caffeine

Wear lightweight, light colored, loose fitting clothes

Symptoms of Heat Exhaustion

Headache, dizziness, or fainting

Weakness and wet skin

Irritability or confusion

Thirst, nausea, or vomiting

Symptoms of Heat Stroke

May be confused, unable to think clearly, pass out, collapse, or have seizures (fits)

May stop sweating

Heat Stroke Actions:

Call 911

Have someone stay with person until help arrives

Move to a cooler/shaded area

Remove outer clothing

Fan and mist with water; apply ice (ice bags or ice towels)

Provide cool drinking water, if able to drink

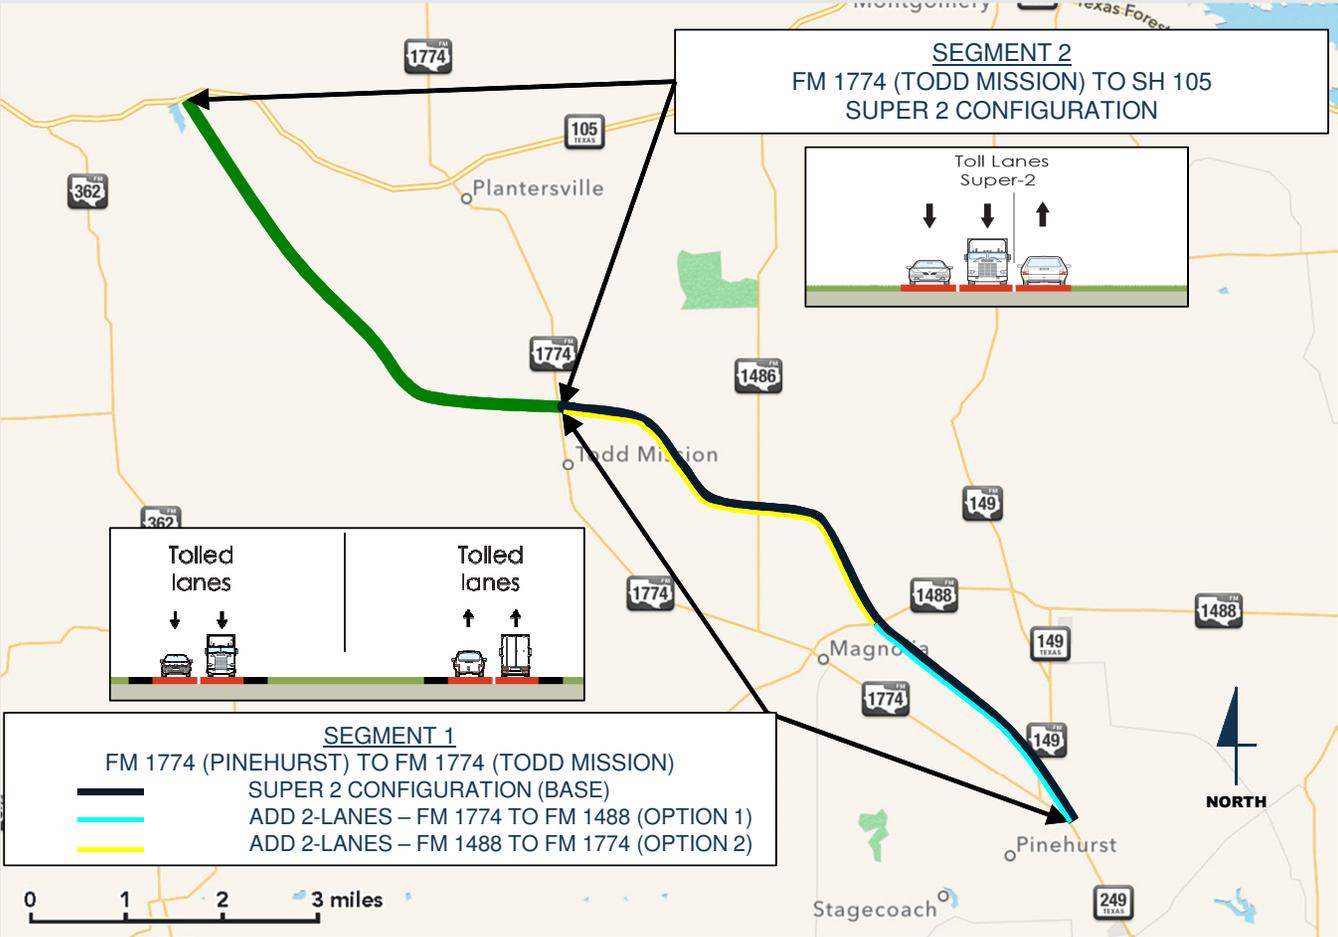

Prevent

Respond

Project Layout

Project Overview

- TxDOT, in partnership with the Federal Highway Administration (FHWA), will pursue the procurement of the SH 249 Extension (the Project) from FM 1774 to SH 105 through Design-Build (DB) contracting.
- The SH 249 Extension will span both Montgomery and Grimes Counties and necessitates the development and approval of both an Environmental Impact Statement (EIS) and an Environmental Assessment (EA).
- The purpose of the Project is to accommodate increased traffic volumes, increase safety, mobility, and connectivity in the Grimes County/Brazos Valley and Northwest suburban Houston regions.
- The Project will consist of a minimum Base Scope and includes Optional Scope Components to be constructed at TxDOT's discretion.

Scope

Segment 1

- Limits

- From: South of FM 1774/FM 149 (Pinehurst)
- To: North of FM 1774 (Todd Mission)
- Length: 14.4 Miles

- Base Scope

- Super 2 configuration for mainlanes (2 lane undivided with intermittent passing lanes)
- Frontage roads at interchanges

- Optional Scope

- **Option 1:** 4 lanes (2 in each direction) between FM 1774 in Pinehurst to FM 1488 in Magnolia
- **Option 2:** 4 lanes (2 in each direction) between FM 1488 in Magnolia to FM 1774 in Todd Mission

Scope (Segment 1 Cont'd)

Potential Bridge/Interchange Locations

- FM 1774/FM 149/Railroad (Mainlanes)
- Mill Creek Tributary A (Mainlanes & Frontage/Ramp)
- FM 149 (Mainlanes)
- Mill Creek Tributary B (Mainlanes)
- Mill Creek Tributary C (Mainlanes)
- Mill Creek Tributary D (Mainlanes)
- FM 1488/Mill Creek Tributary E (Mainlanes & Frontage/Ramp)
- Mill Creek A (Mainlanes)
- Clear Creek A (Mainlanes)
- Clear Creek B (Mainlanes)
- FM 1486 (Mainlanes)
- Mill Creek Tributary F (Mainlanes)
- Mill Creek B (Frontage/Ramp)

Scope (Cont'd)

Segment 2

- **Limits**

- From: North of FM 1774 (Todd Mission)
- To: SH 105 West of Plantersville
- Length: 10.5 Miles

- **Base Scope**

- Super 2 configuration for mainlanes (2 lane undivided with intermittent passing lanes)
- Access roads at interchanges and TxDOT directed locations

Scope (Segment 2 Cont'd)

Potential Bridge/Interchange Locations:

- Mill Creek C (Mainlanes)
- FM 1774 (Mainlanes)
- Mill Creek D (Mainlanes)
- Union Pacific Railroad (Mainlanes)
- Urbanosky Road (Mainlanes)
- Tierra Buena (Mainlanes)
- CR 304 (Mainlanes)
- Beason Creek (Mainlanes)
- CR 307 (Mainlanes)
- CR 306 (Mainlanes)
- FM 1748 (Mainlanes)
- Union Pacific Railroad (Mainlanes)
- SH 105 (Mainlanes)

Project Status

Environmental

- The Segment 1 EIS adheres to Federal guidelines in order to maintain Federal-funding eligibility. The Draft EIS was approved on January 5, 2015. A Public Hearing for the EIS was held on February 18, 2015. TxDOT currently anticipates receiving the ROD by August/September 2015.
- The EA for the Segment 2 is prepared as a state document. TxDOT anticipates receiving the FONSI by Fall of 2015.

Permitting

- TxDOT has begun the U.S. Army Corps of Engineers Section 404 permitting process and has submitted a draft permit application for preliminary review. TxDOT has also executed a Project Development Agreement with Montgomery County to deliver stream mitigation requirements for Segment 1. Further field investigations are required to determine the extent of Section 404 impacts within the Segment 2 limits, and whether a Section 404 permit will be required.

Schematic

- In October 2014, TxDOT received 90% schematic designs for Segment 1 and in December 2014, TxDOT received 30% schematic designs for Segment 2. Schematics are being updated and approval for each segment is anticipated in conjunction with the completion of the environmental process.

Potential Opportunities

- **Right of Way (ROW)**
 - TxDOT has begun ROW mapping on public ROW and authorized parcels within Segment 1
 - TxDOT anticipates that ROW mapping data from accessible locations will be available by October 2015
 - TxDOT anticipates the need for ROW mapping and acquisition services on the Project
- **Pavement**
 - Will be identified during the Request for Proposals (RFP) process
- **Geotechnical**
 - TxDOT is currently performing geotechnical surveys on public ROW and authorized parcels within Segment 1
 - TxDOT anticipates that geotechnical data from accessible locations will be available by October 2015
- **Subsurface Utility Engineering (SUE)**
 - TxDOT is currently performing SUE on public ROW and authorized parcels within Segment 1
 - TxDOT anticipates that SUE data from accessible locations will be available by September 2015

Potential Opportunities

▪ Railroad Coordination

- The Project requires four separate railroads crossings
 - Union Pacific Railroad
 - At FM 1774 in Pinehurst in Montgomery County (Segment 1)
 - West of FM 1774 in Grimes County (Segment 2)
 - South of SH 105 in Grimes County (Segment 2)
 - Burlington Northern Santa Fe Railway
 - At FM 306 in Grimes County (Segment 2)
- TxDOT has initiated coordination with the necessary railroad entities and will advance as far as possible
- TxDOT anticipates that the Design-Build Contractor will continue and complete outstanding railroad coordination efforts after contract execution

Potential Opportunities

▪ Maintenance

- Design-Build Contractor will enter into a mandatory initial 5-year Comprehensive Operations and Maintenance Agreement (COMA) to perform capital and routine maintenance, repair, upkeep, renovation, and potential capital renewal work from ROW to ROW.
 - There will be four 5-year optional terms, to be exercisable at TxDOT's sole discretion.

▪ Hazardous Materials

- Limited hazardous materials investigations have been performed for the development of the EIS and EA. Data is anticipated to be available by September 2015.
- TxDOT plans to conduct Phase I Environmental Site Assessments (ESAs) at accessible locations and anticipates that data will be available by September 2015.

▪ Financing

- It is not anticipated that Design-Build Contractor financing will be required.

QS Evaluation

- Project Qualification and Experience (65%)
- Statement of Technical Approach (25%)
- Safety Qualifications (10%)

■ Project Qualification and Experience (65%)

“TxDOT considers a comparable project to be any road project of similar size, scope and complexity, whether or not such a project was delivered through a DBA or otherwise”

- Team Experience (30 points)
- Key Personnel (30 points)
- Disadvantaged Business Enterprise (DBE) Involvement (5 points)

- Statement of Technical Approach (25%)

The Statement of Technical Approach will be evaluated in accordance with the following criteria:

- Understanding of Project's scope and complexity (15 points)
- Understanding of Project risks and potential solutions (10 points)

■ Safety Qualifications (10%)

The safety qualifications of the Proposer will be evaluated in accordance with the following criteria:

- Fatal injury rate per 100,000 full-time workers (3 points)
- Incidence rate of injury and illness cases per 100 full-time workers (4 points)
- National Council on Compensation Insurance (NCCI) experience modifier (3 points)

Procurement Schedule

April 30, 2015	Commission approval to publish Request for Qualifications (RFQ)
May 15, 2015	Issue RFQ
July 2, 2015	Deadline for questions regarding the RFQ
July 10, 2015	Qualification Statements (QSs) due
August 27, 2015	Notification of QS Shortlist
August 28, 2015	Issue Draft RFP to Short Listed Proposers
Fall/Winter 2015	Issue Final RFP
Spring 2016	Proposals due
Spring/Summer 2016	Conditional award

Delivering QS Submittals

Proposers are responsible for ensuring QS submittals are delivered by hand or courier on Friday, July 10, 2015 by 12:00 p.m. to:

Attn: Dieter Billek, P.E.
Director, Procurement and Implementation Coordination Section
Strategic Projects Division
Texas Department of Transportation
7600 Chevy Chase Drive, Building 2, Suite 400
Austin, Texas 78752
Email: TxDOT-HOU-PPP-SH249@txdot.gov

Any Qs received after the above date and time will be rejected and returned to the sending party unopened.

Delivering QS Submittals

Proposers are responsible for monitoring the Project website for information concerning this procurement.

Proposers are advised that responses to questions posed at this workshop are considered to be on an informational basis and are not binding on TxDOT. The process for official questions and answers remains as given in the RFQ via e-mail.

E-mail address: TxDOT-HOU-PPP-SH249@txdot.gov

TxDOT will post responses to those questions of general application and requests for clarifications which TxDOT deems to be material and not adequately addressed in previously provided documents on the Project website.

Website: <http://www.txdot.gov/business/partnerships/current-cda/sh-249.html>

TxDOT will post any addenda to this RFQ on the Project website.

TxDOT: Lt-Gen Joe Weber, USMC (Ret) – Executive Director

Honorable Ron Wilson - Director Office of Civil Rights

Disadvantaged Business Enterprise Compliance

The Disadvantaged Business Enterprise (DBE) Program is a U.S. Department of Transportation (USDOT) program that was established to ensure that firms owned by minorities, women, and other socially and economically disadvantaged persons have an equal opportunity to participate in federally assisted projects.

TxDOT has oversight responsibility to ensure that the prime contractor has effectively met this responsibility under its contract.

Department staff monitor the performance of work performed by DBEs on all federal aid projects, including those of sub-recipients.

Disadvantaged Business Enterprise (DBE)

Title 49: Transportation

Part 26: Participation By Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs

49 CFR Part 26

Objectives

- To ensure nondiscrimination
- To create a level playing field
- To ensure the DBE program is narrowly tailored
- To ensure only eligible firms are permitted to participate
- To help remove barriers to participation
- To promote the use of DBEs in all federally-assisted contracts and procurements
- To assist the development of firms that can compete successfully in the marketplace
- To promote appropriate flexibility to recipients

SH 249 Extension DBE Opportunity

Proposers are required to utilize DBE firms and will be seeking DBE firm participation to ensure compliance with the requirements of the forthcoming RFP.

RFP issuance is anticipated in Fall/Winter 2015

Proposals are due in Spring 2016

The Texas Department of Transportation (TxDOT), Office of Civil Rights, Diversity and Economic Opportunity Section (DEOS) is committed to assisting Disadvantage Business Enterprises and Small Business Enterprises in their efforts to work with TxDOT and other state agencies. Through our supportive services efforts we provide training and additional outreach to serve Texas communities.

TxDOT's website has numerous recourses to assist business in working with TxDOT

By navigating the website you can find information on:

- Construction and Design Build Projects
- How to be come Pre-certified
- How to become Pre-qualified
- Research DBE and SBE firms

How Do I

- › See the Top 100 Congested Roadways?
- › See Projects in a Specific Area?
- › See Projects Reports by District?
- › File Open Records Requests?
- › Review Transportation Expenditure Reporting?
- › Read about TxDOT's Cost Savings Program?

How Do I

- › Find Investor Information?
- › Bid on a Contract?
- › Find a Public Hearing or Meeting?
- › Get Small Business Help?
- › Find a Form or Publication?
- › File Open Records Requests?
- › Get Payment Information?
- › See Letting Schedule?
- › Get Information on Projects?
- › Find Business Contacts?

Navigating TxDOT Resources

On the TxDOT Website: www.txdot.gov

The screenshot shows the Texas Department of Transportation website homepage. At the top left is the TxDOT logo, a stylized star with a horizontal line through it. To its right is the text "TEXAS DEPARTMENT OF TRANSPORTATION". In the top right corner, there are links for "A - Z Site Index", "Contact Us", and "Español". Below these links is a search bar labeled "Search TxDOT" with a magnifying glass icon. Underneath the search bar are navigation links: "Driver", "Government", "Business", and "Inside TxDOT". The main content area features a large image of a multi-lane highway with cars in motion. Overlaid on the right side of this image is a dark blue box with the text "Managed Lanes Can Get You There Faster" and a "Read More >" link. Below the highway image is a row of three category cards: "Driver" (with a photo of a smiling woman), "Government" (with a photo of a man and a large wooden star), and "Business" (with a photo of a smiling woman). A large orange arrow points from the "Business" card up to the "Business" link in the navigation bar.

Navigating TxDOT Resources

Consulting firms prequalified to work for TxDOT:

[Home](#) > [Business](#) > [Consultants](#) > [Architectural, Engineering and Surveying Consultants](#)

The screenshot shows the TxDOT website navigation. The top navigation bar includes 'Business', 'Consultants', 'Contractors', 'Vendors', 'Letting & Bids', 'Opportunities', 'Projects', 'Training', 'Resources', and 'Partnerships'. A 'Page Options' dropdown is visible on the left. The main content area features a 'How Do I?' section with links such as 'Find Investor Information?', 'Bid on a Contract?', 'Find a Public Hearing or Meeting?', 'Get Small Business Help?', 'Find a Form or Publication?', 'File Open Records Requests?', 'Get Payment Information?', 'See Letting Schedule?', 'Get Information on Projects?', and 'Find Business Contacts?'. Below this are three columns: 'Letting & Bids' (Local Government Projects, Highway Cost Index, Contract Letting, Letting Schedule), 'Opportunities' (Proposal Request Forms, Projected Consultant Projects, Aviation Projects, Aviation Design Opportunities), and 'Consultants' (Architectural, Engineering and Surveying Consultants). An orange arrow points from the 'Consultants' link to the 'Contractors' link, and another orange arrow points from the 'Contractors' link to the 'Architectural, Engineering and Surveying Consultants' link in the right-hand navigation pane.

Current Comprehensive Development Agreement

[Home > Business > Partnerships](#)

A comprehensive development agreement (CDA) is the tool TxDOT uses to enable private development by sharing the risks and responsibilities of design and construction. In some cases, financing and private investment in the transportation system can be included in the process. It provides a competitive selection process for developing regional projects or much larger undertakings. In addition, this contracting tool can streamline the time needed to deliver the project because multiple tasks can be under way simultaneously.

A public-private partnership, like a CDA, opens the door to accelerated financing, design, construction, operation and/or maintenance of a project.

Comprehensive Development Agreements (Awarded)

Date Signed	Project	Developer	Type of PPP
05/15/15	SH 360 Project	Lane - Abrams Joint Venture	Design-Build

Disadvantaged Business Enterprise Program

Home > Business > Partnerships

The Disadvantaged Business Enterprise (DBE) Program was created to provide a level playing field for small, minority- and women-owned companies wanting to do business with TxDOT and other agencies receiving federal funds from the U.S. Department of Transportation. Refer to the [Disadvantaged Business Enterprise Forms](#) page for additional documents relating to the DBE Program.

Certification

Businesses interested in becoming certified as a DBE must complete and submit an application through the Texas Unified Certification Program (TUCP) to the appropriate certifying agency in Texas. Upon approval, these companies can be used to meet the DBE goals established for federally-funded contracts. The DBE Program is a federal program required by law.

Build your Network - Build your Team

Proposers look to DBE firms to develop your solicitation teams

DBE firms look to promote your businesses and your skills

The overall DBE goal for the Project will be set forth in the solicitation. In responding to this solicitation for SH 249, a Proposer team may include and identify team members to satisfy DBE goals.

Meet with consultants and contractors today, immediately following this presentation.
