Austin District

Round Rock Transportation and Economic Development Corporation (Round Rock TEDC) has submitted an application for financial assistance in the form of a loan of up to \$27,000,000 from the State Infrastructure Bank (SIB) under Transportation Code, Chapter 222, Subchapter D, and Title 43 Texas Administrative Code (TAC), Chapter 6 (SIB Rules). The application satisfies all requirements of the rules, including passage by Round Rock TEDC of a resolution authorizing submission of the application to the Texas Department of Transportation (department).

The intended use of the financial assistance conforms to the purposes of the SIB. Round Rock TEDC intends to use the financial assistance to pay for Round Rock TEDC's costs of utility relocation, right-of-way acquisition and construction necessary for a non-tolled, off-system project involving various improvement to Gattis School Road in Williamson County, Texas (project).

The present and projected financial condition of the SIB is sufficient to cover the requested financial assistance for the project.

Round Rock TEDC has proposed a pledge of sales tax revenue as security for repayment of the loan.

The SIB Rules provide for both preliminary and final approval by the Texas Transportation Commission (commission) of any SIB loan in the principal amount of more than \$10 million or in which the department does not have primary responsibility, unless the commission waives the preliminary approval requirement for that application.

In Minute Order No. 116240, dated May 26, 2022, the commission granted preliminary approval of the City's application and, in accordance with the SIB Rules, found that: (1) the project is consistent with the Statewide Long-Range Transportation Plan and the metropolitan transportation plan developed by the applicable metropolitan planning organization; (2) the project is not in a Clean Air non-attainment area; (3) the project will improve the efficiency of the state's transportation systems; (4) the project will expand the availability of funding for transportation projects or reduce direct state costs; and (5) the application shows that Round Rock TEDC is likely to have sufficient revenues to assure repayment of the financial assistance.

In accordance with the SIB Rules, the executive director has negotiated all the terms of an agreement as necessary to protect the public's safety and to prudently provide for the protection of public funds while furthering the purposes of the SIB, as contained in the Term Sheet attached hereto as Exhibit A.

The executive director or his designee implemented actions authorized and required by the SIB Rules for final approval. The executive director affirms that the necessary social, economic, and environmental impact studies have been completed and approved by the department. The executive director recommends that the commission grant final approval of the City's application for financial assistance from the SIB.

In accordance with the SIB Rules, the commission finds that providing financial assistance will protect the public's safety and prudently provide for the protection of public funds, while furthering the purposes of the SIB, and the project will provide for all reasonable and feasible measures to avoid, minimize, or mitigate for adverse environmental impacts.
